Berlin Claims 200,000 Soviet Troops Killed

Ten-Day Battle East Of Kiev Takes Terrific Toll Of Russians

"FIFTY DIVISIONS ARE ANNIHILATED"

Berlin Also Announces Some 350,000 Prisoners Taken In Kiev Area

By PIERRE J. HUSS
International News Service Staff Correspondent

BERLIN, Sept. 23.—At least 200,000 Soviet troops have been killed in the gigantic ten-day "iron ring" battle east of Kiev, and from 600,000 to 750,000 Reds have been thrown out of the conflict, German estimates said today.

Fifty Soviet divisions have been annihilated, said the Germans, in what military authorities in Berlin described as "an irreparable, mortal wound in the Red army's most vulnerable spot."

Toll increasing

The war bulletin issued from Chancellor Hitler's military headquarters said the total number of Russian soldiers falling victim to German blows in the battle of annihilation is "steadily increasing."

According to the communiqué, prisoners taken by the Germans include the commander-in-chief of the Fifth Russian army.

The announcement said the total number of prisoners captured in the

PA NEW OBSERVES

Monday afternoon, the weather was warm. A small truck was traveling along East Washington street, loaded with ice, with an inscription on the side of the vehicle, "let our coal keep you warm."

Skunks seem to be quite numerous in the county again this fall. Most any motorist driving the highways at night can report experiences in these little animals. They seem to like the public highways at night for some reason.

Folk who put new grass seed in early this fall have found that they have had to water it thoroughly every day or so, in order to get it started. If, as some weather prognosticators assert, the weather at the time of the fall equinox governs the weather during the remaining quarter, a long dry spell is in store.

New Castle high football fans who are going to Beaver Falls on Friday night for the New Castle-Beaver Falls game at Reeves Stadium will have to get going much earlier than usual. Beaver Falls is on daylight savings time, and the game will start at 7:15 New Castle time.

Today is officially the first day of autumn. While nice summer-like weather still prevails there is one organization here that is busy preparing for the slippery wintry weather conditions that are sure to come.—The State Highway Department. Huge piles of ashes are being accumulated at hills on the highways and at storage places, in preparation for ashing of the hills, while the snow plows and other road clearing apparatus is being made ready. Snow fences will be erected within the next two months.

President Will Speak Saturday

WASHINGTON, Sept. 23.—The White House revealed today that President Roosevelt will make an address Saturday when the U. S. Maritime Commission holds its great "mass launchings" of new merchant cargo vessels.

White House Secretary Stephen T. Early said that the president spent this morning in his study working over an address of 500 or 600 words. The address will be recorded and the records made available for broadcasting at every shipyard where a vessel is launched. The maritime commission plans to launch more than a dozen ships at various ways on the east, west and Gulf coasts.

Will Seek To Test Congress War Stand

WASHINGTON, Sept. 23.—As administration demands mounted for repeal or modification of the neutrality act, Rep. Fish (R) N. Y., ranking member of the house foreign affairs committee, today disclosed that he will shortly introduce a resolution for this country to declare war.

The New York non-interventionist leader, emphasizing that he is not in favor of it, declared that congress should vote on the war issue.

"I will do all in my power to bring the resolution to the floor where I am confident it will be defeated two to one," he said.

The administration leadership, however, indicated that such a resolution would be steered to the foreign affairs committee and allowed to die there.

Seek Hearings

Fish said however, that he would seek to have hearings on it and would plead that the resolution embodied "the single great issue before

Three More Put To Death In Reprisal For Anti-German Outbreaks

GERMAN CAPTAIN IS ASSASSINATED

(BULLETIN)
(International News Service)

VICHY, Sept. 23.—Three more Frenchmen have been executed in reprisals for anti-German outbreaks in occupied France, according to an official German military communiqué today.

Announcement of the new executions followed the sentencing yesterday of five men to death by the new state court sitting in Paris.

German Captain slain

The executions also followed disclosure of the assassination in Paris last week of a German Captain Scheben of the German occupying army, who was given an elaborate military funeral.

A German officer, delivering an eulogy over the dead man's bier, pledged the Nazi army to use "all possible means to ensure that these attacks shall not go unavenged."

(The London Daily Mirror reported that at least 295 persons, including several women, have been executed by the Germans in occupied countries since the beginning of last August.)

ROME, Sept. 23.—Axis "suicide boats" such as the torpedo craft which yesterday raided Gibraltar will attack any American shipping which attempts to reach Britain, Editor Virginio Gayda warned today.

"The Gibraltar feat warns American shipping of the fate likely to befall craft entering British harbors," Gayda, spokesman for Premier Mussolini, wrote in the Giornale D'Italia.

"President Roosevelt's patrol system brings under unhappy auspices the allies associated with Britain."

"They must be warned that the Italian means of assault such as penetrated Gibraltar offers the greatest risk to the allies and associates of Britain."

(BULLETIN)
(International News Service)

CHUNGKING, Sept. 23.—Five Japanese warships and ten motorboats laden with men and supplies were sunk opposite Yingtian as Chinese artillery frustrated Japanese attempts to land troops on the shore of Lake Tungting, Chinese officials claimed today.

The Chinese forces were said to be pushing westward along the north bank of the Milo River, flanking the Japanese who are being forced to turn to the east to meet the threat. The effect of the maneuver was said to be stabilization of the human front.

Another Chinese column, it was asserted, has captured Ywang-Wang-Miao, thus dislocating the Japanese left flank. At this point the Japanese were said to be rushing reinforcements into the line in preparation for a counter-attack.

Moscow Reports Odessa Besiegers Are Thrown Back

HALF RUMANIAN ARMY IS NOW LOST

Russians Claim New Successes In Terrific Central Front Battles

(BULLETIN)
(International News Service)

MOSCOW, Sept. 28.—Russian counter-attacks have thrown back the German besiegers of Odessa for "several miles," the official Moscow radio reported today.

The radio asserted also that Rumania has lost half its army since the beginning of the war.

(Rumania's army, before King Michael's domain entered the war, was estimated at well over 400,000 men, and has been greatly increased since then.)

New Successes

New Red army successes on the central front and continued fighting throughout the night on all sectors were announced by the Soviet high command today in the noon war communiqué.

"On one sector of the western front," the bulletin stated, "300 Germans were killed and 1,000 were taken prisoner. Six tanks, eight guns and other weapons were captured."

"In another sector our air force assisted in the destruction of two companies of Germans and 25 loaded vehicles."

A Moscow radio broadcast said between 45,000 and 50,000 Germans were killed, wounded or captured in battles around Lake Ilmen on the northern sector of the front and that another 30,000 were killed or wounded in the Belosev forest near Kiev in the Ukraine.

Germany Disregards Losses

"Regardless of their enormous losses," the Russian announcer added, "the Germans are throwing in new divisions."

"The Soviets also are suffering serious losses."

Earlier the Moscow radio reported the "extermination" of an enemy infantry division in eight days and nights of combat on the southern front.

A broadcast said the division was knocked out in a sector where both German and Rumanian forces are attacking. This was presumed to be a reference to the Odessa front.

Pittsburgh Mayor Gives Them 24 Hours To Return To Work

(International News Service)

PITTSBURGH, Sept. 23.—Mayor Cornelius D. Scully threatened today to suspend the 138 striking drivers in the bureau of highways and sewers unless they return to work within 24 hours.

Acting shortly after garbage collectors voted a "work stoppage" until councilmen granted them a wage negotiation conference, the mayor publicly notified the other drivers that unless they reported at their bureaus by noon tomorrow, legal steps would be taken to remove them from the city payroll.

The city's chief executive also placed a police guard on the Mayview City Home and hospital ambulance after the driver complained that he had been accosted twice by union pickets and informed that he would have to have union permission to operate the vehicle.

Hurricane Is Bearing Down On Texas Coast

Storm Center Reported As 180 Miles South Of Port Arthur Early Today

TEXAS PREPARES FOR COMING STORM

Dangerous Tides Are Also Forecast Along Wide Storm Area

(International News Service)

PORT ARTHUR, Texas, Sept. 23.—A gulf storm described by the coast guard at Port Arthur as "a full hurricane" with winds of more than 75 miles an hour was bearing down on the Texas coast today.

The storm center was reported to be some 180 miles south of Port Arthur and traveling toward the coast at about eight miles an hour. At this rate the hurricane would strike the coast late today.

Hurricane Veers

Last night Port Arthur appeared to be directly in the path of the storm, but early today coast guard headquarters said the hurricane seemed to have veered slightly to the west in the direction which would bring it inland at a point between Port O'Connor and Freeport.

Storm warnings were displayed from Freeport eastward to Biloxi, Miss., and south of Aransas Pass to Brownsville. Hurricane warnings flew from Aransas Pass to Port Arthur.

The weather bureau at New Orleans reported that high tides existed all along the Texas and west Louisiana coasts, and that with the approach of the hurricane to the coastline there would be "dangerous tides" throughout the storm area.

Precautions In Florida

Although the Texas and west Louisiana coasts were expected to feel the brunt of the disturbance.

Neutrality Act Repeal Asked

Secretary Of Navy Knox Makes Demand For Action By Congress

By ERIC FRIEDHEIM
International News Service Staff Correspondent

QUINCY, Mass., Sept. 23.—In a fighting speech attending the launching of the 35,000-ton battleship Massachusetts, Secretary of the Navy Frank Knox today demanded repeal of the neutrality act and insisted that President Roosevelt be given authority to use the army where and when it is needed "to keep fighting away from America."

The 35,000-ton Dreadnaught, first battleship to slide off the ways in New England since before the first World War, splashed into the waters promptly at 12:45 p. m. (EDT) after being christened by Mrs. Charles Francis Adams, wife of the former secretary of the Navy.

Nearly 50,000 persons were on hand for the launching ceremonies at this famed New England shipbuilding center from which have come many of America's foremost men-of-war including the old Yankee Clipper.

Secretary Knox warned the nation that the chief executive must not be handicapped and that his hand must be free to "keep evil away from these shores."

"Let's trust him and support him," Knox asserted. "We're down to the water's edge. At the water's edge there should be only Americanism displayed."

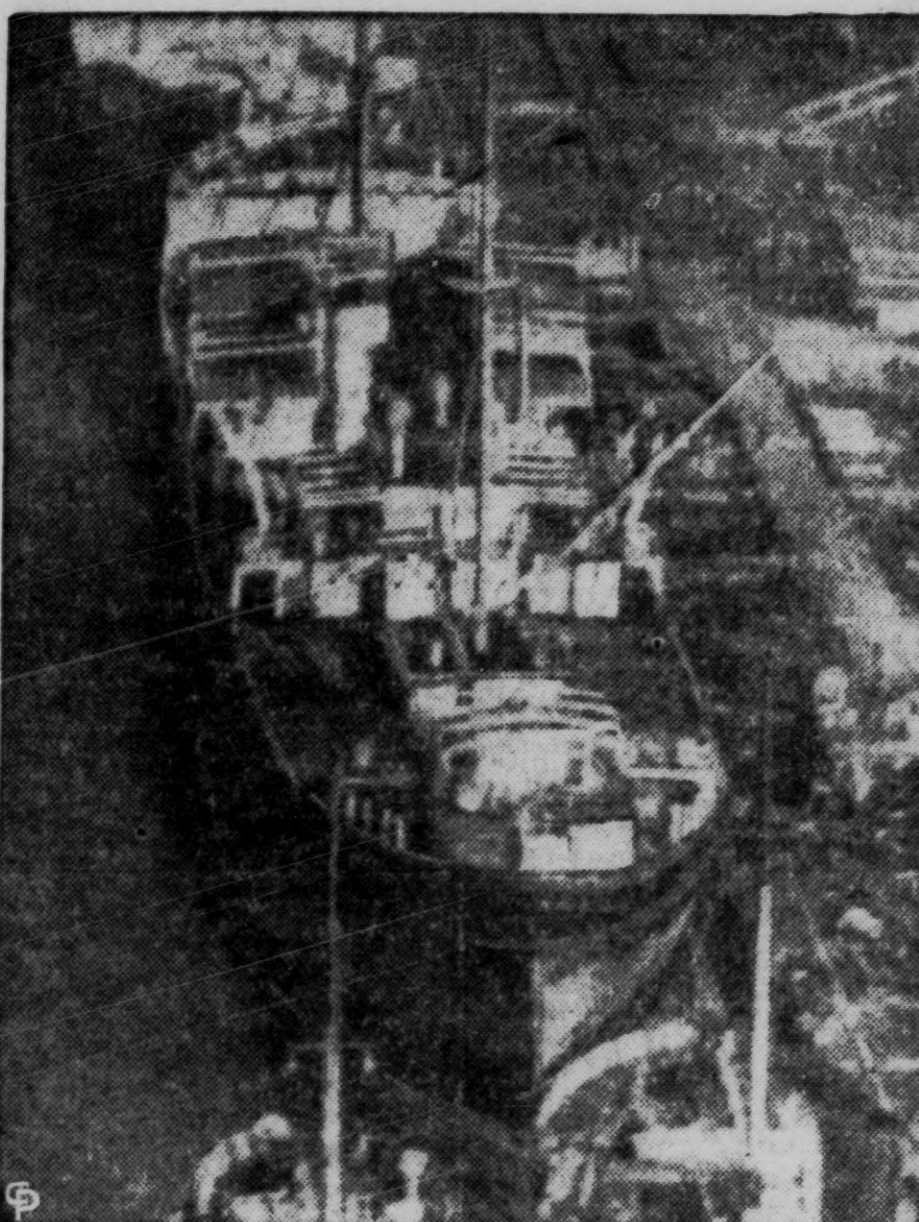

"The time has passed when we can play with a neutrality law. The neutrality law is a liability and not an asset."

LONDON, Sept. 23.—Three million Germans—one-third of the Nazi army—have been lost in the Russian campaign, Soviet Ambassador Ivan Malsky estimated today.

In a speech before the American Chamber of Commerce, Malsky said: "By a moderate estimate, German losses in the east total three million killed, wounded or missing."

"The Germans have lost in these three months 8,500 planes."

"About one-third of the whole German army now is hors de combat."

British estimates last week put Russian losses also at three million—bringing to six million the number of casualties and prisoners in the Russian fight.

Boulogne Hit By R. A. F. Bombs

(International News Service)

LONDON, Sept. 23.—An R. A. F. bombing-attack on the docks of German-occupied Boulogne on the French coast during the night was announced by the air ministry today.

A communiqué said the raid was carried out by a small number of bombers, all of which returned.

Yesterday, the air ministry added, British planes scored a hit on a large enemy supply ship off the coast of Norway.

ANOTHER AMERICAN OWNED SHIP SUNK

Attack Occurred On September 19—Fate Of Crew Is Unknown

By KINGSBURY SMITH
International News Service Staff Correspondent

WASHINGTON, Sept. 23.—With guns manned and decks cleared for instant action, U. S. warships today are believed to be intensifying their efforts to hunt down Axis submarines in the north Atlantic, following the sinking of another American-owned vessel, the steamer Pink Star.

Sinking of the 6,850 ton freighter off the coast of Iceland Sept. 19—three days after issuance of the "shoot first" orders to the navy—is viewed in diplomatic quarters in Washington as a direct and defiant German challenge to President Roosevelt's declared policy of protecting the ships of all flags between this continent and Iceland.

Fate of Crew Unknown

The state department, which announced late yesterday that the vessel, flying the Panamanian flag, was sent to the bottom, is without further information as to the fate of the crew of 34 of any other details of the sinking. No Americans were aboard. The ship was operated by the United States lines.

This latest incident involving the seventh American ship since the

BERLIN, Sept. 23.—In a tacit admission of German responsibility, a Nazi government spokesman today said that sinking of the American-owned steamer Pink Star was all according to international regulations.

"There is no reason for Americans to cry," the spokesman said. "They have been made fully aware of the blockade zone."

The German-declared blockade zone embraces Iceland and extends to Greenland territorial waters.

The spokesman pointed out that the Pink Star was not under United States registry.

Garbage Collectors May Join Strike

Pittsburgh City Strike Spreading

Vote Is Taken By Garbage Collectors To Join Truckers Strike

CONFERENCE IS ARRANGED TODAY

BULLETIN (International News Service)

PITTSBURGH, Sept. 23—The city truck drivers' strike spread today as garbage collectors voted a "work stoppage" until councilmen grant them a wage negotiation conference.

The vote was taken this morning after the 295 drivers and helpers reported for work at the incinerator. A meeting has already been arranged for this afternoon with councilmen and Mayor Cornelius D. Scully.

Streets Littered
City streets were littered, meanwhile, as 138 drivers in the bureau of highways and sewers continued their strike with little hope of an early settlement of the wage dispute that prompted them to walk out yesterday morning.

The drivers, members of the AFL-teamster's union, local 249, unanimously rejected a peace proposal advanced by Mayor Cornelius D. Scully and members of council. Bernard C. Mazon, business agent of the union, declared:

"They are tired of promises and want action."

Proposal Made
The proposal outlined by councilmen offered the strikers the same wage rate paid by private industry for comparable work, to be determined by a committee of union representatives and councilmen. The men were to return to their jobs in the interim, with pay raises retroactive to the day they went back.

As the strike started yesterday morning, Mayor Scully said that "drastic action will become a necessity" if the truck drivers did not return to their posts. So far, he has not made known what the "drastic action" will be.

The strikers requested raises totalling \$11,000 for the remainder of the budget year.

HURRICANE IS BEARING DOWN ON TEXAS COAST

(Continued From Page One)

precautionary measures also were taken by towns and cities along the gulf as far east as Florida.

In Port Arthur itself, officials were hopeful the storm would cause no severe damage. Already, however, high seas have caused the closing of the Sabine and Galveston highways, and forced the shutting off to traffic on streets near the ship canal through the city.

Particular vigilance was exercised by the coast guard, Texas defense guardsmen and police patrols along the 10-foot levees which surround the city proper. The levees were being pounded continually by high water.

Stores Boarded Up

Many Port Arthur stores were boarded up and scores of families left their homes for more sturdy shelter in downtown hotels and buildings.

Preparations also were made at Galveston, which expected to feel at least part of the fury of the hurricane. Some downtown stores boarded up their windows, and in the harbor ships were moved to the best protected docks.

At Corpus Christi, the city's north beach section was evacuated as water covered low points. Tides ran about three feet. By this morning, every low-lying portion of town had been cleared, windows of residences and business houses were boarded up and emergency squads expressed the opinion that everything was "well organized."

There was little rain during the night and the wind kept to a mere 30 miles per hour.

Roaring inland after battering the gulf coast between Brownsville, Texas, and Gulfport, Miss., strong winds preceding the center of the storm sent high waters splashing over three major highways leading from New Orleans to the coast.

Evacuate Citizens

Freeport, Tex., Sept. 23—Freeport's normal population of about 5,000 was almost entirely evacuated from this Gulf Coast city today in the face of the oncoming tropical hurricane.

Included among those brought out from the temporary "ghost town" were eleven hospital patients.

The barometer was dropping steadily, having gone down nine points in seven hours. Intermittent squally rains lashed the city and surrounding countryside.

Prairie lands around the city were inundated, and the Barcos River was bankfull, but levees were holding fast at a late hour this morning.

Freeport is the site of two important defense industries—sulphur mining and refining and the Dow Chemical company's giant plant for removing magnesium from sea water.

AUTUMN SONNET

Swamp roses now are gone with their pink torch,
And the black-bird flashing its crimson wing,
Crackles through grass withered from summer's scorch.
The farmer boy with his lonely whistling
In the lane, nostalgic for summer sun,
And flaming trees, leans on the grey rail fence
Dreaming of autumn days and the deer's swift run;
The wind-tanged air and the burning leaf's incense;
Rich inspiration of the purple grape,
And hunter's moon gliding black, velvet lake,
Nestling beneath the hill's soft flowing cape
Where the loon's laughter comes from the sere brake.
Oh, these are the halcyon golden days
Of the falling leaf and autumnal haze.

BERLIN CLAIMS 200,000 SOVIET TROOPS KILLED

(Continued From Page One)

Kiev area increased to 380,000 men. In addition, it stated, more than 570 Russian tanks and 2,100 artillery guns have been captured or destroyed.

The communiqué said:

"Fifty Soviet divisions can be considered completely annihilated. The announcement declared 'increasing disintegration of the enemy forces encircled in the Kiev area' became noticeable after Russian attempts to break through the German iron ring collapsed."

At many points, the communiqué added, "Red officers and commissars in cowardly fashion abandoned their troops and vainly attempted to escape to safety, but were later taken prisoner."

Annihilate Five Battalions
Military authorities in Berlin announced that on the northern front Finnish forces annihilated five Soviet battalions, with 3,000 Russian soldiers killed.

They added that large quantities of war equipment had been captured on the Karelian front during the past few days.

In addition, these quarters declared, strong Russian counterattacks in the Ukraine were repulsed and 30 Soviet tanks were destroyed in fierce combats in the Poltava area.

Heavy losses were suffered by the counter-attacking Russian forces, according to German reports from the front.

The dead, wounded, and captured are mounting hourly. Chancellor Hitler's headquarters at the front reported.

Further progress was recorded also at Odessa and Leningrad, and new naval victories were announced with the destruction of at least seven Russian naval vessels and nine merchantmen, and damage to three Red naval ships and one freighter.

Heavy Red Losses
Heavy losses were suffered by the Russians in counter-attacks on the Leningrad front, where the Germans destroyed seven of the huge 52-ton Russian tanks, Nazi announcements said.

Military observers in Berlin said that the battle of Kiev has decimated Premier Stalin's pivotal divisions, and a great mass of elite Red troops has been "bled white"—a factor which will lead to military consequences of primary importance in the whole outlook of the German-Russian war.

Authorities said that available information regarding the battle indicates that "history's greatest decimation" has taken place, ripping out the Russians' most formidable flank—which had been a hindrance

to frontal advances into the rest of the Ukraine and up into the central sector.

Marshal Semyon Timoshenko's Russian army of the center now is regarded as hamstringed.

Two New Nazi Armies
Hitler, it was revealed, threw two new armies into the Ukraine battle after snatching the Kiev pincers' shut. They were the forces of Col. Gen. Baron Von Weichs and Infantry General Von Stuepnagel.

Spanish and Italian anti-Bolshevik divisions also took part in the fight.

So far as can be ascertained now, fighting beyond Kiev has narrowed down to a series of isolated, small rings within a ring, which are expected by the Germans to wipe out the Soviet remnants within a few days.

Announcing new sea victories, a communiqué said that in the Odessa sector bombs sank one enemy patrol boat and destroyed nine freighters totalling 15,000 tons.

"Around Kionstadt, the air force sank one cruiser and from five to nine destroyers," the bulletin added.

"Bomb hits were scored on one more cruiser and two destroyers. One tanker caught fire."

Disaster Seen
Russian commanders apparently foresaw the magnitude of the disaster threatening them, and all last week strove frantically to shatter the "iron ring" by fierce counterattacks.

But, said the Germans, whole columns were mown down, while the Red air force vainly staged bomb raids on the Dnieper river bridges in an effort to hold up the flow of Hitler's reserves.

Military authorities in Berlin said that Marshal Semyon Budenny's forces were doomed after only three days of offensives by the Germans during which the Nazis pushed far inland and fettered the Soviet rear lines.

MotORIZED troops quickly followed the advance forces, rapidly falling into positions assigned long beforehand.

In desperation, said military officials, the Soviets tried to crash a hole in the "iron ring" between Kremenchug and Kharkov with the now-famous "Marshal Budenny" armored train, which was wrecked and then blown up.

MOSCOW REPORTS ODESSA BESIEGERS ARE THROWN BACK

(Continued From Page One)

where both Nazi and Rumanian forces have been trying to capture Russia's valuable Black Sea port.

Prior to this broadcast the Soviet high command announced destruction of 100 German planes in a single day and also claimed the "annihilation" of nearly six German infantry battalions—about 4,800 men—in a five day battle on the central front.

Midnight Communiqué
The high command's midnight communiqué stated:

"There was fighting throughout the day along the entire front. 'On Sept. 20, 100 German planes were destroyed. The Russian air force lost 21 machines. 'Of the 100 German planes destroyed, 28 were brought down in air combat and 72 were destroyed in airdromes.'"

A supplementary war bulletin told of the newest Red army successes on the central front, where previous reports told of the "investment" of Smolensk in a steady counter-drive said to have forced the Germans into a speedy retreat.

The bulletin stated that in five days of stubborn fighting on the western (central) sector, the Soviets annihilated nearly two battalions from each of the 123rd, 451st and 102nd German infantry regiments.

In addition, it was claimed, the charging Red army forces captured seven field guns and "much other material."

Nazis Driven Back
MOSCOW, Sept. 23—Furious counter-attacks by Russian land troops aided by heavy artillery barges have driven back the Germans on both the Leningrad and Odessa fronts, Russian advances asserted tonight.

A Soviet bayonet charge forced the Nazis back for seven miles on one sector of the Leningrad zone Tass, the official Soviet news agency said.

The official Moscow radio added that Red counter-thrusts shoved back the German besiegers of Odessa for "several miles."

Deaths of the Day

Charles W. Quigley.

Charles W. Quigley, aged 83, a well known farmer, passed away at his home, New Castle, R. D. 4, Monday evening at 6:30 o'clock after a two years illness. He had been confined to bed for the past two weeks.

Born in Slippery Rock township on April 6, 1858, son of Joseph and Mary Ann Boak Quigley, he had spent all his life in Lawrence County as a farmer. He was a member of Mt. Herman Presbyterian church.

Surviving are his wife, Margaret Shaw Quigley; two daughters, Mrs. Wanda Book and Mrs. Frances Bowden, both of New Castle, R. D. 4. One sister, Mrs. Eva Aken, preceded him in death.

Funeral services will be held from the home Wednesday afternoon at 2 o'clock with his pastor, Rev. C. S. Newsom, in charge, assisted by Rev. Edgar Tait of the Pulaski Presbyterian church. Interment will be in Mt. Herman cemetery.

Mrs. Herman Kumrow

Complications following several months of illness resulted in the death of Mrs. Mildred Kumrow, aged 35, wife of Herman Kumrow, North Beaver township, who passed away Monday at 5:30 p. m. in the New Castle hospital.

Mrs. Kumrow is survived by her husband; nine children, Wilda, Eleanor, William, Harold, Carl, Donald, Robert, Doris and Charles, all at home; her parents, Mr. and Mrs. Elmer Baxter of West Pittsburg; three brothers, Albert and Reno Baxter of West Pittsburg; Glenn Baxter of Mahoningtown; and two sisters, Mrs. Mabel Chambers and Gladys Baxter, both of West Pittsburg.

The body has been removed to the Marshall funeral home, Wampum, where friends will receive this evening and Wednesday evening from 7 to 9 o'clock. Funeral services will be conducted Thursday afternoon at 2 o'clock from the funeral home. Interment will be in Oak Park cemetery, this city.

John Wallace.

Following a stroke and one week's illness, John Wallace, aged 73, of R. D. 5, Mercer, passed away at his residence Monday evening at 6 o'clock. He was the husband of Jennie Keiler Wallace, who survives him.

Born in Wales, April 12, 1868, son of Thomas and Mary Morgan Wallace, he had resided for the past 35 years in Mercer County, going there from Punxsutawney. Mr. Wallace was a retired mine foreman, having worked for the past 35 years for the United States Steel Corp. He was a member of the Methodist church of Grove City. In December of this year, Mr. and Mrs. Wallace would have observed their 52nd wedding anniversary.

In addition to his wife, Mr. Wallace leaves the following children, Elijah, of Volant, R. D. 1, Robert, at home, Mrs. Ruth Phillips of Grove City, Mrs. Virginia Hutcheson of Cleveland; one brother, Harry, of Mercer, and a sister, Mrs. Hanna Bell of Punxsutawney.

Funeral services will be held Thursday afternoon at 2 o'clock from the residence. Interment will be in Findley cemetery, Mercer.

The body, removed to the Cunningham funeral home in Grove City, will be taken this evening to the residence where friends may call after 7 o'clock.

Scott Mayberry.
Word has been received in this city of the death of Scott Mayberry, aged 81, of 14 West Poplar avenue, Grove City, who passed away in that city this morning at 5 o'clock.

Funeral services are to be held from the residence Thursday afternoon at 2 o'clock. Interment will be made at Jackson Center.

Mrs. Drescher Funeral.
Funeral services for Mrs. Mary Drescher were conducted Monday afternoon at 2 o'clock from the late residence, 113 West Grant street, with Rev. A. M. Stump, pastor of St. Paul's Lutheran church, officiating.

Palbearers were Edward Arov, Ray Emery, Roy Zimmerly, Allan Atwater, W. J. Knobloch and A. T. Chamberlain.

Interment was in Oak Park cemetery.

Krisuk Funeral.
Funeral services for George Krisuk, 146 Center alley, were held this morning at 9:30 o'clock from the home, with mass being celebrated at 9:30 o'clock in St. Nicholas church.

Rev. Philip Grushetzky, pastor of the church, was in charge and at the conclusion of the requiem mass delivered a sermon.

Palbearers were Jacob Tkacuk, George Andryuk, Bruno Haruszy, John Filipek, Victor Sargieniewicz and Pete Maryniuk.

Interment was in the church cemetery.

Carlson Funeral.
Largely attended funeral services for Carl Emil Carlson, Bessemer, were held Monday afternoon at 2 o'clock from the Swedish Mission church in Bessemer with the pastor, Rev. Rudolph J. Johnson, in charge.

During services, two favorite hymns of the deceased were sung by William Storm. Mrs. Paul Swanson presided at the organ.

Palbearers were Emil Swanson, Alfred Swanson, Charles Nord, John Nelson, Theodore Olson and Albert Shogren.

Interment was in the Swedish Mission cemetery.

Aluminum pistons, for replacement purposes in automobile motors, are six times as popular as cast iron ones, according to Census figures. Over 6,800,000 aluminum pistons are sold annually, latest figures show, compared to 1,653,000 cast iron pistons.

Of the more than 6 million farms in the United States, the Census Bureau found over 84 per cent had flocks of chickens in 1940.

WILL SEEK TO TEST CONGRESS WAR STAND

(Continued From Page One)

the country today" and so should be sent to the floor for a roll call vote.

He said the resolution would be "a simple declaration of war" and added that he planned to formally introduce it next week.

Fish recalled a recent statement by Sen. George D. Ga. former chairman of the senate foreign relations committee, that the people should have an opportunity to make "the supreme ultimate decision" before such matters as proposed repeal of the neutrality act and other "intermediate steps" are considered.

Should Be Put To People
Repeal of the neutrality act would permit arming of American merchant ships and allow them to carry lend-lease goods to England.

Although George declined to say how this question should be put before the people, Fish said:

"Sen. George was perfectly right in saying the people must make this decision, and in my opinion there is only one way for them to do it—through their elected representatives in congress."

"That is the purpose of my war resolution. It will place the ultimate question squarely before the representatives and they will vote on it in accordance with the wishes of their people."

As battle lines began forming for a fight over changing of the neutrality law, Secretary of State Hull indicated that he favors revision of the act.

LATEST SINKING VIEWED AS DEFY TO NAVY ORDERS

(Continued From Page One)

outbreak of the war, is seen in Washington as fulfillment of Berlin's warning that Nazi submarines would continue to attack without warning in German blockade zones any ships suspected to be carrying war supplies to Great Britain.

It is further regarded as an indication that Germany does not intend to withdraw its warships completely from those waters which President Roosevelt has declared are "essential" to American defense.

Risk Clash With U. S.
On the contrary, it appears that German submarines intend to risk a clash with the United States navy in order to attack ships in those areas which Germany has proclaimed a blockade zone.

Sinking of the Pink Star, formerly the Danish ship Lundy, is seen in official quarters as part of a deliberate policy rather than as an isolated incident. Officials are convinced that the German government undoubtedly notified the submarine commanders of the orders issued to the American navy.

It is believed the ship that attacked the Pink Star would have had plenty of time to receive such notification before it encountered the vessel, which left New York Sept. 3 with a general cargo for the United Kingdom.

Therefore, it is assumed that the Nazi submarines have been instructed to continue to sink without warning any British-bound merchant ships caught in the German blockade zone. All of the attacks on American-owned vessels in the north Atlantic so far have been within this zone.

This fact has led to the belief in neutral diplomatic quarters in Washington that the German submarines have been instructed to confine their attacks on the American side of the Atlantic to this zone, and to avoid encounters with American warships and merchant vessels elsewhere in the western hemisphere.

The Pink Star is the third American-owned ship to be sunk and the fourth to be attacked in the north Atlantic in the war. All the attacks have occurred in the neighborhood of the Danish Straits, between Greenland and Iceland. All of the ships sunk were former Danish vessels requisitioned by the American government and registered under the Panama flag to enable them to carry war supplies to Great Britain.

The first ship sunk was the Sessa, torpedoed on Aug. 17 about 300 miles southwest of Iceland with a loss of 24 lives, including one American. The second ship was the Montana, torpedoed about 40 miles from where the Sessa went down. The crew of the Montana were seen by a British patrol flying boat to be taking to the lifeboats but nothing has been heard of them since.

Sinking of the Pink Star occurred about 45 miles northwest of the position in which the Sessa was attacked.

The state department said it had been informed by the navy that the ship went down in latitude 60.36 north, longitude 35.07 west.

The fourth American ship attacked

ed in these waters was the destroyer Greer, but two torpedoes aimed at it went wild.

Two other American ships have been sunk and one damaged. The Robin Moor was sunk May 21 in the South Atlantic, the Steel Seafarer went to the bottom in the Red sea Sept. 4 and the Arkansas was damaged in an axis bombing raid while in harbor at the Red sea port of Suez Sept. 5.

The Pink Star's crew included six British, eight Canadians, eight Dutch, three Chinese, one Dane, one Pole, one French, one Portuguese, one Irishman, one Ecuadoran and three Belgians.

An annual production of nearly 200 million needles is necessary to keep American knitting machines in operation, the Census Bureau states. This includes more than 116 million needles of the spring-loaded type and 72 million of the latch type.

Mr. and Mrs. Robert S. Gordon of East Moody avenue left Saturday on a week's motor trip, during which they expect to visit Harrisburg, New York City, and parts of Maryland and Virginia.

B. P. W. CLUB HEARS LIEUT. COL. JACKSON

"National Defense" and what it means to the State, County and City. "What women are expected to do in the event of war" was the subject of a most interesting address to the Business and Professional Women's club members, Monday evening in the Y. W. C. A. when they heard as guest speaker, Lieutenant Col. Fulton Jackson, Executive Director of Local Defense. His talk, instructive as well as entertaining, held the close attention of the fifty-six guests in attendance.

Preceding the introduction of Lieutenant Col. Jackson by Miss Helen Westlake, program chairman, who with Miss Grace Brown, House Chairman were in charge of the evening's entertainment, dinner was served in the Green Room, at 5:45 o'clock.

Following, the Executive Board meeting was conducted, with president, Miss Mary Bigley, presiding. At this time, Miss Geraldine Fry reported that all preparations for the benefit card party slated for October 16, are well underway, and the event to be held at the Boyd cottage, will be one of their outstanding projects of the Fall season.

Miss Sara McCune is general chairman for the District Meeting to be held at the New Castle Field Club October 4, when all club affairs will be openly discussed. Dinner will launch festivities, being served at 6:30 o'clock, and highlighting their program, will be Miss Jane Weaver of Cleveland, O., a distinguished speaker that is rapidly gaining recognition.

The next regular meeting for the Business and Professional Women's club will be on October 20, with Miss Genevieve Riddle and Mrs. R. L. Boyd, co-chairman in charge of the program.

MISS SHAW ENTERTAINS FOR SHARON FRIEND

Miss Margaret Byrd Shaw, of Princeton, was hostess to seventeen guests, Saturday at a one o'clock luncheon and linen shower at a local tea room in honor of Miss Margaret Parke, of Sharon, Pa., who is to be married Sept. 27 to Robert Moore, of Greenville in Westminster Chapel.

A feature of the afternoon was that each guest cut a silhouette of the honor guest and presented it to her as a memento.

Returns To St. Louis

Rev. and Mrs. William Kirk, with their three small daughters, Nancy, Susan, and Mary Judith, have returned to their home in St. Louis, Mo., where Rev. Kirk is pastor of the Grace Hill Episcopal church, after visiting Mr. and Mrs. Howard Kirk, of 413 East Moody avenue.

EASTERN STAR NO. 105 MEETS MONDAY EVENING

On Monday evening, New Castle Chapter No. 105, Order of Eastern Star, met in the east lodge room of the Scottish Rite Cathedral, at which time Mrs. Margery W. Brinton, matron of the chapter, outlined plans for the coming months.

A number of officers and members plan to attend the district meeting at Butler, October 9, honoring Worthy Grand Matron Jane Y. Sellers.

A social time followed the business meeting with Mrs. Florence Campbell, Mrs. Coraetta Reid, Miss Dorothy Long, and Miss Dorothy Beck with in charge.

In serving refreshments in the west dining room, Mrs. Helen Hood was aided by Mesdames Winella Mullen, Elsie Nesbitt, Catherine Watkins, and Marie Swartzlander.

ST. LUCY'S CHURCH SCENE OF WEDDING

In the presence of many friends and relatives, Monday morning in St. Lucy's church, Miss Charlotte Gaspare, daughter of Mr. and Mrs. Victor Gaspare, of 105 West Cherry street, became the bride of St. Samuel Filigenzi, son of Anthony Filigenzi, of Maitland street.

Vows were exchanged at 10 o'clock, before a beautifully arranged altar. The Rev. Fr. Sebastian Ippolito officiating and using the single ring service. Angelo Filigenzi provided the appropriate nuptial music. The bride was given in marriage by her father.

For her wedding, she chose a white satin gown, made to order. Her fingertip veil was caught with a small peaked crown, and she carried a bouquet of white roses and lilies.

Miss Flora Filigenzi, as maid of honor, wore a gown of pale blue, with silver accessories. She carried an arm bouquet of yellow roses. Harry Rozzi, served the bridegroom as best man.

Supplementing the ceremony, a wedding dinner was served in a tearoom on the New Wilmington campus, and in the afternoon a reception was held at the home of the bride's parents.

Sgt. and Mrs. Filigenzi departed later on a wedding trip to Cleveland. They will return soon, Mrs. Filigenzi to reside on Cherry street. Sgt. Filigenzi, now in service with the U. S. Army, is stationed in Florida.

Bride-to-Be Showered

In honor of Miss Mary Sojak, daughter of Andrew Sojak, of Morris street, many friends held a shower for her at St. Michael's Hall on Sunday evening, Oct. 22. Miss Sojak will become the bride of George Mathews, of Sciota street.

TRUSHEL-KERR WEDDING AT ST. MARY'S CHURCH

St. Mary's church was the scene of a pretty wedding ceremony when Miss Helen Trushel, granddaughter of Mrs. C. E. Trushel of North Shenango street, became the bride of Fred Kerr, of the Ellwood-New Castle road, the vows being exchanged at 9:30 o'clock Saturday morning, in the presence of a gathering of guests, the single ring service being used.

Rev. Fr. William F. Galvin officiated, and appropriate music was provided by Frank Gribben, church organist, preceding and during the ceremony.

Given in marriage by her uncle, Victor Trushel, the bride was attired in a white satin toe length gown, made along Princess lines, with a fingertip veil. She carried white gladioli, and her only jewelry, was a strand of pearls, a treasured keepsake of her deceased mother.

Miss Romana Griffen of Akron, O., cousin of the bride as maid of honor, wore a dusty rose tulle creation, made floor length with short sleeves and adorning her head with a tulle cap arrangement to harmonize. She carried pink gladioli.

Mrs. Warren G. Rainier, also a cousin of the bride who served as matron of honor, chose an ice blue satin gown, made similar to the attendants, with three-quarter length sleeves, and an identical cap of tulle. Her arm bouquet was of yellow gladioli.

Morris Aquila of this city, was best man and ushering were Gene Valley and Warren G. Rainier.

After a congratulatory period, a wedding breakfast was served at New Wilmington at a tea room, and later, the couple departed on a southern motor trip. They will take up residence in New Castle, upon returning.

The bride is affiliated with the local Bell Telephone Company as a supervisor and the bridegroom, is employed at the B. and O. Railroad.

PETAIN'S VOICE, HITLER'S WARNING

MARSHAL PETAIN'S dramatic appeal to Parisians to end their resistance to German occupying forces and thus save France from reprisal penalties is a clear indication of the extent to which the liberty-loving French have carried on opposition to their brutal Nazi overlords.

That it is Petain, erstwhile hero of Verdun, who now pleads with the people of Paris and of France to submit to Hitler without protest is a tragic commentary on Berlin's remote control of the Vichy government.

In spite of punishments ranging from imprisonment to execution the French continue to attack troops of the occupying forces and to sabotage Nazi activities. Thus far penalties and warnings have not sufficed to prevent the increasing seriousness of this trend toward open insurrection against Hitler rule.

Similar conditions exist in other occupied countries. In Holland five persons have just been executed by the Nazis for aiding British fliers who made emergency landings. Belgians are being executed. Norway is in a ferment. Greeks are restive.

Even Bulgaria's move toward war on the side of the Axis has a possible bearing on fevered France. It is reported, without confirmation, that the Germans have asked Bulgaria for at least four divisions which would be sent to France to help the Nazis keep order.

But at the same time conditions in Bulgaria itself are represented as being explosive, with prospects of a major revolutionary blow-up before winter is over. Incidentally, the state of affairs in Bulgaria intensifies Turkey's Nazi difficulties.

Not only France but all German-occupied countries appear to seethe with the spirit of revolt against Hitler. This spirit undoubtedly is fostered by heavier British bombing raids over Nazi-held territory and by the swelling flow of American aid to Britain.

The faster we rush bombings and other weapons to the British the more evidence we are likely to see of a mounting determination in even the captive countries to throw off the Hitler yoke. America's best bet to keep out of the war and bring about a peace not dictated by Hitler is to redouble its energy in shipping tools to the British.—Philadelphia Inquirer.

TOO BUSY TO FLEE

Somewhere east of Odessa, in a town called Simeis, a man put his eye to a powerful glass, but he trained it not in the direction of the advancing Nazi war machine. He scanned the skies and plucked therefrom news of a new comet, one of several of those cosmic waifs that have turned up in the range of human view in recent months.

None so far have amounted to much as spectacles for the star gazers and it cannot be said that this newest will do any better. For astronomy it is not much that has been done by the discoverer, whose name is given as G. Neujmin, yet from at least one fellow scientist he has won amazed admiration.

Dr. Fletcher Watson of Harvard, through whom the news of the comet's discovery has been given to the world, is quoted as follows: "With the world situation as it is, we were amazed that any one still remains at Simeis."

But Mr. Neujmin, member as he is of a courageous and reputedly fatalistic race, is not the first scientist who has seen his world cracking up all around him and stood his ground. History is full of examples of men and women too busy to flee from approaching disaster.

HELPING RUSSIA

Foremost of the factors now appearing in the war will be the determination by the three-power Moscow conference of the amount of tank, plane and gasoline aid the United States can get to Russia roundabout through Asia or more directly—in the case of planes—through England.

Entering into this critical situation is the definition of "defense waters" given by Secretary of the Navy Knox—the shipping lanes from North America to Iceland, with the United States conveying all supply vessels to Iceland. This will speed American munitions to England.

Entering also into this situation is the Biddle interpretation of combat zones forbidden to American bottoms. That interpretation now opens many additional ports for American merchantmen loaded with war supplies.

America can get aid to Russia through the Persian Gulf and via the Iran railway and through Vladivostok via the Siberian railway. Archangel is not available as a port at this season of the year.

But the earliest and most effectual help that could be tendered Russia is for Britain to send on to the Russian air corps all the American planes Britain can spare out of the fleets America is now sending the R. A. F. American tanks and guns, built for Britain and shipped through Iceland, while slower in delivery than planes, can be forwarded with the increasing dispatch demanded by the Russian crisis.

American members of the conference have joined the British members and flown to Moscow with them and it ought not to take long for Stalin to make clear to both Britons and Americans that his plane and tank need is imperative and that aid to Russia must be on a large scale and above all speedy.

Winston Churchill says that if we get into war with Japan the British will help us. Remembering how they helped Poland and Norway, however, let us keep our minds first on building up our own army and navy. Although we wouldn't spurn help, these will be more than sufficient to take care of Japan.

The Parent Problem

By Garry C. Myers, Ph. D.

SCHOOL IS STRAIN ON CHILD

We parents do not realize the degree of nervous strain upon the average little child at school. Yes, we know he has more freedom than we had when we were children. But there is more excitement in his school than was in ours, and he probably does not have parents as calm as were our parents.

Anyway, it is not always well with the young school child. How frequently the pupil of the first grade, or even of the kindergarten, a week or two after the opening of school, seems to misbehave at home. He may cry easily, develop or increase temper tantrums, grow stubborn or come into frequent conflict with the children of the neighborhood. Ten chances to one he gets a good deal of scolding and punishment, and his parents are distressed to find that most of their punishment does not work as they had expected it to work.

Be on guard for these troubles. Be more patient and considerate of the child. Work out ways of preventing troubles and avoiding scenes and conflicts. Spend more time at supervising his home play, but do not be meddlesome with his playground quarrels.

Lessen Scolding
Try to reduce the number of commands you have been used to giving and work out ways to lessen scolding and punishment. Look for more good things the child does to merit praise, and then don't be miserly with approvals. Take a nap in the afternoon yourself, mother, before the child comes home, so that you may be best fitted to welcome him and to engineer a quiet family program at the evening meal.

Work for a happy but not too noisy dinner hour, not interrupted by your frequent getting up and down, nor by the suggestion of haste. Shut off the radio except, for very quiet music. Work for an atmosphere at home of peaceful leisure for the entire evening hour.

Quiet And Relaxation
Don't let the child get too weary at his play. Induce him to come in for a few minutes' quiet and relaxation, particularly before meal time. Neglect the rest of the family, if necessary. Let the beans burn, potatoes boil dry. They are relatively unimportant.

Avoid romping and excitement just before bedtime. See that the child goes to bed on time, at a regular hour. Have a clock and use it. Exercise skill enough, avoid all scenes and annoyances, getting him happily to bed. Go to bed soon enough yourself. Get up early enough in the morning to avoid undue rush and anxiety. Send the child off to school in a cheery, hopeful frame of mind.

A list of books to read to the baby and young child may be had by writing to me at 235 East 45th St., New York City, enclosing a self-addressed envelope with a three cent stamp.

The World and the Mud Puddles

ALWAYS SELFISH MOTIVES

Patriotism on the face of it, despite the definitions, is a selfish emotion. It cannot be otherwise. It is defined as love of country, but obviously this cannot be interpreted as a willingness to die for rocks and hills, for woods and templed hills which will go on regardless of who rules the roost. Patriotism in its true sense is devotion to a way of life, the will to sacrifice to maintain it for ourselves, if possible, for our children if we are in die in preserving that way of life.

Just now there is a wave of patriotism sweeping over Latin-American governments which are ousting Nazi representatives with Rooseveltian ardor. While the philanthropic motives of the action are suspected and the genuine principles of either a Republic or a Democracy in most of our neighbors to the south remain to be proved, the anti-German action can be accepted in good faith. For it is clearly self-interest on the part of any of the South American governments, most of which are dictatorially controlled, to expel an element which threatens itself.

Nazi penetration must, as a rule, and with the odds rather than the ins. The officeholders have no interest in changing coats or loyalties. The outs can see an advantage in adopting a cause which may win for themselves what Mr. Kipling has aptly described as "power all pride above." The current Major Quisling in Oslo is secondarily a Nazi, because the Nazis are useful in making him a somebody, a Norwegian in the third place because Norway was the logical scene of his activities but he is first for Quisling. The Nazis find the sort everywhere. Certainly they can find them in our own midst.

The old familiar song "Only a Pansy Blossom" indicates that the rest of the garden was a flop.

This also happened: A 25-year-old man took sick in his car parked on a busy New Haven, Conn., street and it wasn't until six days later that a woman noticed him. He had almost starved to death.

ME
Let me be a little kinder
Let me be a little blinder
To the faults of those about me;
Let me praise a little more;
Let me be, when I am weary,
Just a little bit more cheery;
Let me serve a little better
Those that I am striving for;
Let me be a little braver
When temptation bids me waver;
Let me strive a little harder
To be all that I should be;
Let me be a little meeker
With a brother who is weaker;
Let me think more of my neighbor,
And a little less of me.

"My husband whom I married less than a year ago and who was devoted to me during our courtship period is a good provider but has developed a roving eye. When I ask him why he habitually looks back at strange, pretty girls on the street or in other public places, he replies that he is merely indulging a life-time habit of 'good nature.' What can I do to cure him?"—Jane.

Answer: Make a life study of glamour. Spare no time or energy in making yourself more glamorous than your potential rivals. At the same time, without encouraging the intimate attentions of other men and without cheapening yourself in the eyes of your husband or of them—so act that he will realize that he would have some dangerous rivals should you wish to encourage them. Of course, these preventives will require the very acme of subtlety, but a wise woman can acquire them if she is clever. If you lack beauty you may acquire a good measure of it by camouflage, physical culture or the aid of expert beauticians. If this is impossible, develop a talent, make yourself clever and well-informed, so that your mental power will attract those who can see beyond mere physical glamour. In any event, see that your clothes are always glamorous and that they disguise such physical defects as may afflict you. If after all of this, your husband continues to humiliate you, let him go and forget him.

Question: What is the proper arrangement of the professional at a double wedding?—Elizabeth.

Answer: The ushers—half of whom are friends of the second bridegroom—proceed to the altar together. Next come the bridesmaids of the older bride followed by her maid-of-honor. The older bride follows, escorted by her father. Then comes the bridesmaid of the younger bride, followed by the maid-of-honor. Then comes the younger bride, escorted by her father. If she is a sister of the elder bride, her next nearest male relative should walk up the aisle with her.

Question: Please tell me how an announcement of a girl's engagement and marriage should be made when her parents are separated—not divorced—and live in separate cities, the girl making her home with her mother.—Martha.

Answer: This matter is one that should be decided by you and your mother. It is perfectly proper to include your father's name in your announcements. However, if your mother's bitterness toward him is intense, she may issue all invitations and announcements in her name only.

Pope's Action Understood In Capital
Believe Roosevelt Asked For Too Much
Approval Of War Not Given At Any Rate

By CHARLES P. STEWART

Central Press Columnist

WASHINGTON, Sept. 23.

POPE PIUS' reported polite side-stepping of President Roosevelt's reported request to declare the war against the Nazis "a just war" is spoken of in many Washington circles as perfectly natural on His Holiness' part. Plenty of commentators say they can quite understand why the Vatican should prefer not, as per report, to o. k. ANY war as a just war.

If, as reported, the president really sent the reported request to Rome, by MYRON C. TAYLOR, his personal envoy to the Vatican, maybe the White House doesn't concur in expressions of opinion that the Supreme Pontiff couldn't very well comply with it, as reportedly he didn't. Nevertheless, a lot of critics in our capital give it as their judgment that, supposing reports of the request to be correct, P. D. was asking too much.

The whole thing's an unadulterated history of unconfirmed reports. However, they're quite generally believed.

Washington's National Press club, in particular, is tremendously interested in the story, because it considers itself personally acquainted with the present Vatican "tenant."

He visited it in his prepal days, when he still was a cardinal, chatted sociably with its members, had lunch with 'em and made 'em a short speech. He was an immense hit. Any position he takes now the club is overwhelmingly prepared to endorse. The case's abstract merits don't figure much in the discussion; the Pope, as an individual one-time guest of the club is warmly LIKED.

Good Publicity

Whenever an out-of-town notability drops into Washington, the club's board of governors invariably is desperately anxious to have him for company with a speech from him at the windup. Usually they're glad to come. The club's luncheons are nothing to write home about, as to palatability, but the average capital sojourner considers 'em good publicity and reports present on time. Occasionally one of 'em is snooty, though, and sends regrets. He's unpopular forever afterward.

There was considerable uncertainty relative to Cardinal Puccielli; the board of governors wasn't familiar with the proper formula for dispatching invitations to Princesses of the Church. Still, the board took a chance. And (lo and behold!) His Eminence not only arrived on the scene, but (I say it with all respect) proved to be regularly "one of the boys."

When, soon afterward, he was elevated to the papal throne, the National Press club's membership, quite unconditionally, fairly hollered with pride and joy.

So there's a prejudice in its favor to begin with.

Nobody suspects him of pro-Britishism. It wouldn't be natural in him. A Adolf has persecuted his church, among others—all of 'em. He's an anti-Christ curs essentially, as well as anti-Jew, and everything else of that sort—except, perhaps.

What Noted People Say

DENVER — Phillip LaFollette, former governor of Wisconsin, ventures a prediction:

"If Britain and Germany fight to a finish, chaos will overtake Europe with Bolshevism prevailing."

SAN FRANCISCO — Senator H. Styles Bridges, New Hampshire Republican, believes Congress will soon declare the neutrality act:

"It's a false premise that peace can be legislated, and that was the basis of the neutrality act."

LONDON — Ivan Maisky, Soviet ambassador to Britain, appeals for immediate war supplies for the embattled Soviet:

"Twice gives he who gives at the right time and at the right place."

PRINCETON, N. J. — Dr. Harold W. Dadds, president of Princeton university, warns if totalitarianism triumphs in Europe it will be imitated elsewhere:

"Styles in government are copied as are styles in clothing—a victory in arms for totalitarianism will encourage a world epidemic of totalitarianism, of which there are signs already."

PRIDE

We should be proud enough to turn from everything that men should spurn; Just proud enough when vice is seen.

To want a reputation clean, And though the chance to cheat is nigh, Too proud to profit by a lie.

We should be proud enough to guard ourselves from growing over-hard. And looking with a scornful eye On those less fortunate near by; But keeping hard enough to bar Things evil, whereso'er they are.

We should be proud, not of estate, Or things acquired or actions great. Jewels or dress or wit or skill; These are externals pride can kill. But proud of honor, proud of name, And much too proud to stoop to shame.

Price-Control Muddle

WASHINGTON, Sept. 23.

THERE is some prospect that if and when the House passes the price-control bill, it will do so with an amendment providing either that the Price Administrator to be named by the President must be confirmed by the Senate or that a board instead of an individual shall administer the law. This, of course, is aimed at Leon Henderson, who already has been functioning as Price Administrator, but has no legal status and would have to be named under the law.

THE situation is unfortunate. Every informed person concedes the necessity of effective price control as the one means of averting disastrous inflation. Mr. Roosevelt has warned of this, his Secretary of the Treasury has warned of it, the Federal Reserve head, Mr. Eccles, has warned of it. In fact, no other danger has been so widely warned against by so many people—some of whom know what they are talking about but many of whom do not.

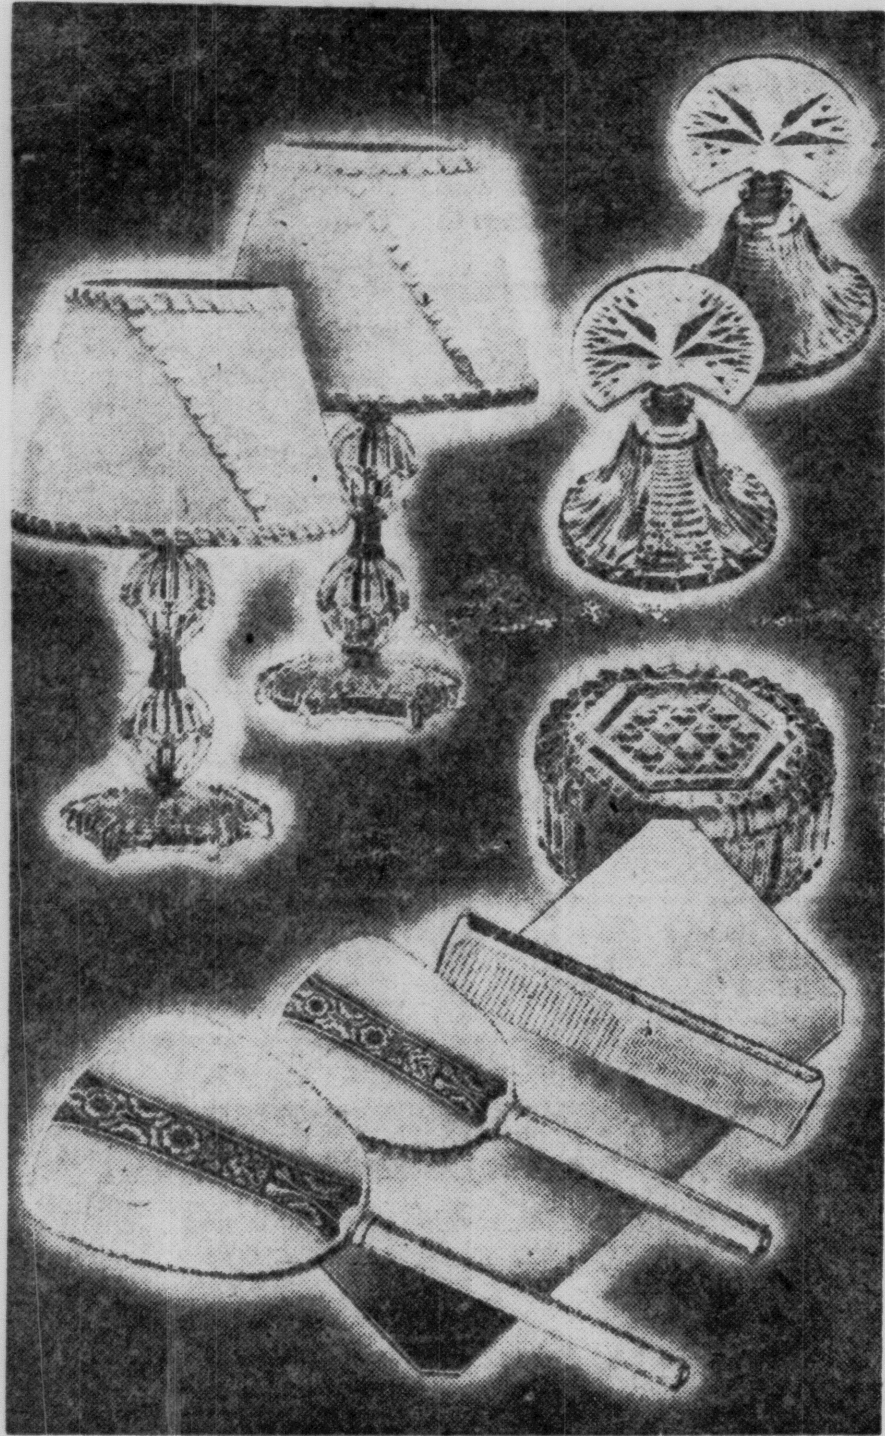

ACTING to avoid this danger, the President has made two mistakes. First, in advance of the act he has named as administrator a man of reputed radical tendencies in whom there is little public confidence and about whose soundness there is considerable suspicion. Second, he has endorsed a bill under which effective price control not only cannot be achieved but which will increase the cost of living rather than lessen it. This and other defects were brought out on Friday in a trenchant criticism by B. M. Baruch, made all the more devastating by its moderation and restraint.

MR. BARUCH presented the vital need for complete industrial mobilization, of which price control is a part, with impressive force and clarity. The utter folly, both from the standpoint of the people generally, as well as of the laborer and farmer, of eliminating wages, rents and food products from price regulation, was hammered home. That this bill, which expressly exempts wages and food products, would fail disastrously was made clear. But price control, through a flexible ceiling over all prices, which would be linked with priorities and taxes and administered without discrimination, was declared absolutely essential not only for winning the war but for winning the peace. Mr. Baruch made an unanswerable argument. It should mean the revision of the pending bill, and the prompt enactment of a sound one. That is what the national interests clearly call for; but what we will get no one can tell.

Owen Fox received a phone call, Monday evening, from a lady, who stated that boys had picked up forty-two dead birds, at a location in downtown New Castle. She said she had noticed a quantity of corn strewn on the ground, Monday morning, and that later in the day, it had disappeared.

It is believed that this corn had been poisoned, which having been picked up and eaten, caused the death of these birds.

Mr. Fox states that the placing of poisoned grain or the like in public places, is a very serious offense, as it cannot be determined who or what may become the victim of this hideous act.

State Produces Over Third Of Steel Turned Out In United States

(International News Service)
HARRISBURG, Sept. 23.—Pennsylvania produces more than one-third of the steel turned out by the United States, a Commerce department survey showed.

Its blast furnaces have a peacetime capacity greater than that of any foreign nation, excepting Russia and Germany. In 1937 the state came within 83 per cent of the production of the entire German Reich, including the Saar, and 99 per cent of that of Russia.

Pennsylvania's steel output that year was more than 180 per cent of the production of the United Kingdom and three times greater than Japan's. In time of war it assumes even greater importance, the department emphasized.

Commerce Secretary Mark S. James said:

"The sustained war time capacity of our state's steel works may well prove to surpass that of any nation in the world. For many years the use of Bessemer converters in our state has declined, though the steel produced by these converters can be used for many light structural purposes and for the making of wire and pipe.

"It can also be used as feeding material for open hearth furnaces greatly increasing their output. Among other steps now undertaken to expand Pennsylvania's steel production, two new Bessemer converters with an annual capacity of 600,000 tons under construction at Braddock.

"In addition to the smelting of steel, Pennsylvania also leads the nation and almost all of the nations

of Europe in its output of finished rolled and forged steel, and it is also the producer of nearly one-third of all American pig iron.

"How greatly war demand has stimulated Pennsylvania's production of this primary metal is indicated by the fact that our state's output of pig iron to the end of August is approximately 7,500,000 gross tons as compared with 5,900,000 in 1940 and 3,920,000 in 1939. This represents an increased output of 93 per cent over the same period in 1939 and of 29 per cent over 1940.

These figures indicate the very large and vital contribution which the heavy industries of Pennsylvania are now making to the national defense.

"In addition to being the leading steel producing area in America, Pennsylvania is also America's largest coal producer and turns out more coke every year than any comparable area in the world. In a statement issued by the state planning board, of the department of commerce, it is pointed out that in 1940, from its beehive and by-product ovens, Pennsylvania produced 17,412,024 net tons of coke—30 per cent of the entire output of our nation and more than twice that of any other American state; a production greater than that of Great Britain and exceeded only by Germany and Russia.

"Considering its dominant position in steel and iron and the need for coke in American steel and iron production, Pennsylvania is today providing at a rapidly increasing tempo the four vital raw materials which will determine the outcome of this greatest war of all time."

Flynn And Fidler To Be Heard On Thursday

(International News Service)
HOLLYWOOD, Sept. 23.—Sometimes serious, sometimes funny, and with increasingly wordy, the aftermath of the Jimmy Fidler-Errol Flynn night club encounter early Sunday continued to make news in a titillated film colony today.

Both Actor Flynn and Columnist Fidler had additional words to add to the controversy, and Fidler for his part continued to demand court satisfaction for what he deemed an unwarranted assault. Flynn was inclined to treat the incident as closed.

Commenting on the affair today, the handsome film hero said:

"It was a red, white and blue event. I saw red, Fidler was blue, and Mrs. Fidler, God bless her, was white with rage."

Said Fidler:

"I want Flynn forced to keep the peace. I want vindication of my right to sit at a table without being attacked. Flynn has threatened me before, and I don't want to be punched again."

In review, here is what is said to have happened when Flynn and Fidler came eye to eye in the night club:

Fidler and his wife were sitting at a table with friends when

Flynn entered with a party. According to Fidler, the actor stalked over to his table, uttered a few angry words, and "brushed" the columnists' hair with a swing that missed. About half an hour later, Flynn again approached the Fidler table and this time—according to Fidler—landed with a punch that knocked the newspaper and radio commentator to the floor.

At this point, Fidler's wife, Bobbe, entered the argument. According to Fidler, she slapped the actor and may have scratched his ear with her fingernails. Flynn claimed Mrs. Fidler poked him with a fork, causing his ear to bleed.

The encounter resulted from Flynn's objection to some of Fidler's testimony before the senate subcommittee investigating alleged movie war propaganda.

Whether any court action will be permitted Fidler will be decided in Beverly Hills justice court on Thursday. Fidler went before Justice of the Peace C. D. Holland and asked issuance of an assault and battery complaint against Flynn but Judge Holland said he would not sign a warrant until he had heard both sides. He summoned both Flynn and Fidler to appear Thursday.

Lycoming County Schools Are Closed

Infantile Paralysis Situation Results In Closing Of Schools There

(International News Service)
HARRISBURG, Sept. 23.—Lycoming county aligned itself with nine central Pennsylvania counties today in closing schools to prevent the spread of infantile paralysis, which has stricken 467 Pennsylvanians, killing 33.

The latest death was recorded in Williamsport where five-month-old Hilda V. Twigg died only a few hours after she became ill. Acting State Secretary of Health Dr. A. H. Stewart reported six additional cases since yesterday.

Although Williamsport schools had been open since Sept. 2, they were closed abruptly when a high school sophomore died from the malady over the past week end. School authorities said classes would be suspended until Sept. 29, when schools in other affected areas will resume.

Counties whose schools remain closed are—York, Dauphin, Northumberland, Montgomery, Schuylkill, Cumberland, Cambria, Lancaster and Lebanon.

Murphy Employees Guests At Party

Winners Of District Sales Contest Feted On Monday Evening

Winners of a recent district sales contest, employees of the New Castle store of the G. C. Murphy company were delightfully entertained by Joseph Scott, a district superintendent, in Zellenople on Monday evening.

Brief addresses were given by Scott and H. M. Spreuer, manager of the local store.

The program was presented in impromptu style. Outstanding presentations included:

A duet by Carl Forsythe and Wilma Flannery; solo by Wilda McCracker; tap dance by George Meyers and Carl Forsythe; and a song by Catherine Ritchie. The participants were all accompanied on the piano by Olive Fern Sanford.

Dancing also featured the program.

The event, attended by approximately 75 persons, was a success from every standpoint.

The executive committee: Dolly Boya, general chairman; Miriam Rigby, Ruth Kurtz and Bernadine Covert.

Entertainment committee: Emma and Dorothy Montanary and Olive Fern Sanford.

The proportion of foreign-born persons is reducing rapidly, explains the census, because immigration has been greatly restricted since 1914 and higher death rates prevail among the foreign-born because of their increasing average age.

More than 106,000,000 pounds of dextrine was manufactured in the United States last year. Bureau of Census preliminary statistics show Dextrine is used extensively in making beer, also sizzings and adhesives.

SEVENTH WARD NEWS

Citizenship Class
Conducted In WardInterest In Citizenship Classes
During Summer Shown By
Seventh Ward Residents

Mrs. Agnes B. Howley, county supervisor of Works Progress Administration, announced today that the citizenship classes, including classes in literacy and naturalization, conducted in the seventh ward, have been in progress all summer, with much progress being noted.

Every Monday and Wednesday afternoon from 1 to 3 o'clock, the naturalization classes are held in the Christopher Columbus hall, South Liberty street, under the direction of Paul Quinn. On Friday afternoon, the literacy class is taught by Anna Mae Smith, in the Columbus hall from 1 to 3 o'clock.

Since the organization of the class in 1939, there have been 20 persons who have successfully passed the requirements of the class and are now citizens. Approximately 27 other persons are preparing to receive their citizenship papers.

According to reports made, great interest in these classes is noted among residents of the seventh ward. Upon enrollment in the class, the enrollee is faithful in attending. Within several weeks, reorganization of classes will be held under a new set-up, which will have the interest of the department of justice, the public school system and the W.P.A. Within Lawrence county, there are approximately 700 enrolled in these classes, and much effort is being made to help them become better citizens.

May Enter Naval,
Military Academy

Two Seventh Ward youths, Guy Gribble, of West Madison avenue, and James McCaffin, of West Clayton street, have received communications from Congressman Louis Graham, of this district, giving the requirements necessary before entering upon a competitive examination, looking toward the appointment to a military or naval academy. These young men expect to graduate from the local high school, in the June class of 1949. Later, should they measure up to the standards and requirements, Guy Gribble hopes to enter West Point Military Academy, and James McCaffin, the Naval Academy, at Annapolis, Maryland.

Cutting Second Crop
Hay In North Beaver

It is reported that the farmers in North Beaver township are busy at this time cutting their second crop of hay. It is proving to be a good crop, with ideal weather for putting it up. It is believed that there will be enough hay in the second crop to keep the stock most of the winter, which will leave the first crop for the market.

Returns Home
From Hospital

B. H. Galbraith, of 707 West Clayton street, has been returned to his home from the Jameson Memorial hospital, and is getting along nicely. Mr. Galbraith was injured on Saturday evening, when he fell from a stepladder, at his home. Upon examination, it was found there was no bone fracture.

Trees Planted On
Columbus Grounds

President Louis Ezzo announced today that during the week-end Christmas trees were planted on the grounds of the Christopher Columbus society, giving the site a trimmer appearance.

The trees, five in number, were HERE'S QUICK RELIEF IF NOSE CLOGS TONIGHT Try 3-purse Va-tro-nol. It (1) shrinks swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion... And brings greater breathing comfort. VICKS You'll like it! Follow directions in folder. VA-TRO-NOL

According to plans now being made, four Chinese elms will be planted during the month of November along the bocce court. These trees are large shade trees, when fully grown, and will add much to the appearance of the court.
The work is in charge of a well known nursery company and will probably be completed before the extreme cold weather grips the district. Other favorable improvements are also being noted on the court grounds of the society.

Columbus Society
Planning Banquet

Columbus Day Will Be Observed Monday, October 13 In Ward District

Christopher Columbus society members will enjoy their annual banquet event on Columbus Day, October 12, Sunday evening, to be held in the society hall, South Liberty street.

Due to the fact that Columbus Day falls on Sunday this year, the annual celebration will be held the following day, Monday, October 13. A parade will be featured by the society members. Members of the auxiliary will also take part, these arrangements to be completed soon.

Music for the event will be provided by the Christopher Columbus band, under the direction of Victor Gaspare, leader of the group. It is expected that a large crowd will be present to witness the celebration. Further plans and details will be published later, according to an announcement made by President Louis Ezzo, who is also chairman of the affair.

October 19 is the date chosen for the next regular meeting of the organization.

PITTSBURGH BOTANIST
AT GENTIAN LOCATION

John Robinson, clerk at Mahoningtown Post Office, states that a well known botanist from Pittsburgh visited Sunday, in the location in which the fringed Gentian grows in this district.

This gentleman secured some splendid specimens for placing in the Herbarium at the Carnegie Museum, at Pittsburgh.

Mr. Robinson says that the amount of these rare plants has much diminished, as folks have been digging them up from time to time.

Four Are Sentenced In Federal Court At Erie For Violations

(International News Service)

ERIE, Pa., Sept. 23.—Joseph Cuzola, of Erie, father of 10 children, had been sentenced to six months in Erie county prison today by Federal Judge P. P. Schoonmaker after a plea of guilty to a liquor charge. Cuzola, who formerly resided in Franklin, said his oldest son was in the army, and his youngest was only five years of age, but the court pointed out that his past police record made a prison term necessary.

Charges against his wife, Mary, were dropped.

Other sentences handed out by Judge Schoonmaker all on guilty pleas were:

Severin Lubas, of Lorain, O., violation of the Alien Registration Act, six months in Erie county prison;

Thomas Mason, Rochester, N. Y., liquor charges, one year and a day in the federal penitentiary;

Louis Urbancic, Kane, liquor charge, sentence of six months suspended, and defendant placed on probation for two years.

Daily Dozen

(From the Medical Society of the State of Pennsylvania)

Half of our disabling diseases start with a cold in the head.

Few persons escape one or more colds in the course of a year.

Colds reduce efficiency, cause loss of time and money.

Frequently, serious consequences follow a common cold.

No drugs have been found that will cure a cold.

Better prevent a cold than try to cure one.

Most colds are contracted by contact with someone with a cold.

During an epidemic crowds should be avoided.

Drink plenty of water, keep feet dry and get sufficient sleep.

Dress warmly but not too warm, and shun stuffy overheated rooms.

If a cold comes on, go to bed and stay there—rest arrests it.

Play safe with a cold or it may play havoc with you.

New Castle Exchange club members heard an instructive talk on "Coal" during their weekly dinner meeting in The Castleton, Monday evening.

The address was delivered by L. J. Foster, secretary of the club. William Semler, president, presided.

The next meeting will be held on Monday, October 6, in The Castleton.

Words Of Wisdom
"Keep aloof from sadness," says an Icelandic writer, "for sadness is a sickness of the soul." Life has, indeed, many ills, but the mind that views every object in its most cheering aspect, and every doubtful dispensation as replete with latent good, bears within itself a powerful and perpetual antidote. The gloomy soul aggravates misfortune while a cheerful smile often dispels those mists that portend a storm.—Mrs. Sigourney.

Trick chimpanzees and quiz kids teach us the same lesson. They are smart because somebody spent a lot of time on them.

the system of private enterprise, the need for an administrator of the highest quality will not be questioned. It is necessary to endow him with absolute power, but it is also necessary that he use that power wisely and with the single purpose of preventing a price rise that would lead to inflation. To put such power in the hands of a man who conceivably would use it to promote the socialization of industry and to establish permanent governmental control over private business would be deeply abhorrent to the great bulk of the people.

IT is not here charged that Mr. Henderson is such a man, but it has been charged that among his intimate associates, assistants and friends are quite a few affiliated with the Communist party, whose primary purpose is to tear down the American system and substitute some other about which they are not clear, even in their own minds. And it is true that in the past Mr. Henderson, a vastly loquacious individual, has himself given voice to views which would lead one to believe that he did not think private business either could be saved or was worth saving.

BUT, it is said, that some time ago. Now, Mr. Henderson is represented as thoroughly convinced of the soundness of the private-enterprise system, as anxious to preserve it and as believing that it can and should be done. Apparently, Mr. Roosevelt intends to insist upon Mr. Henderson as Price Administrator, and probably his weight is sufficient to install him despite anti-Henderson feeling. The kindly and casual endorsement of Mr. Baruch will assist in this, though that was due more to his desire not to have his criticisms seem personal and to his knowledge that the President will not yield on Mr. Henderson than to anything else.

However, it would be both helpful and healthful if, in advance of the act, Mr. Henderson should make clear his attitude toward the private-enterprise system. He talks a great deal on great many subjects. Some reassuring words as to his present beliefs on this subject might obviate a bitter fight and facilitate the passage of a good bill.

IT might also make easier later co-operation with him. While he is about it Mr. Henderson might also explain why he has asked for an increased appropriation for this department for the fiscal year 1942 from \$806,000 to \$2,769,000, why he plans to increase his present staff of 900 to 1,395; why his general counsel, young David Ginsburg, is to increase his legal staff from 92 to 163 persons; why his own executive staff is to be increased from 71 to 133; why the price division is to be raised from 133 to 251; why the civilian allocation division is to be more than doubled; why the civilian supply division is to go from 92 to 163. Doubtless Mr. Henderson can justify these increases as well as the high salaries which prevail in his department. These facts, and figures were brought out last June in a speech by Representative Ditter, of Pennsylvania, who pointed out that this expansion was occurring and these salaries being paid before the law gave Mr. Henderson anything really to do.

Give Finding In Fatal Train Wreck

Interstate Commerce Commission Blames Accident Fatal To Brown On Uneven Track

YOUNGSTOWN, Sept. 23.—A Pennsylvania Railroad accident near North Jackson, June 28, which killed K. E. Foerster of 1719 Josephine St., and C. C. Brown, of New Castle, Pa., was blamed by the Interstate Commerce Commission today on "irregularity in surface and alignment of the track."

Because of "soft spots" under the lower rail, the commission said, section crews had difficulty keeping the curve in proper condition.

The train of 35 cars, many of them loaded with shell castings, was bound from Canton to Wheatland, Pa., when it was derailed. Brown was the engineer and Foerster the fireman.

But Joe Stalin has persecuted miscellaneous religions, too.

And now the democracies are more or less hooked up with Joe. I can understand why they are: they want to use Joe to help 'em against Adolf, whom they consider the more immediate physical danger to 'em of the two.

But the Vatican's consideration is spiritual and, spiritually, the choice

between Adolf and Joe is approximately a tie. I'm talking as a layman, and a layman of no particular denominational brand. Yet I can understand why the Pope, on the fence between two paganism, may feel disinclined to get down on either side.

Russia—Afterward

To be sure, it's reported that President Roosevelt, in his reported message via Envoy Taylor, to the Vatican, pledged himself to do his best to influence Russia in favor of post-war religious liberty. But who knows whether or not his influence will succeed?—though I've no doubt his promise is made in all good faith.

It's a mixed situation. On one side is democratic religious liberty mixed with Russian paganism. On the other side is

Nazi paganism mixed with whatever Italian Fascism and Spanish Falangism have to offer, plus Japanese Mikado-worship.

The Vatican's attitude's a mere matter of unconfirmed reports, anyway.

I'm not editorializing. I'm merely telling what I hear in Washington.

The following introductions were made at the meeting: Rev. J. W. Neyman presented Rev. Oliver W. Hurst, new pastor of the First Baptist church; Rev. Homer K. Miller presented Rev. Sidney K. Bliss, new pastor of the Central Christian church; Rev. R. B. Withers presented Rev. R. G. Thomas, retired Methodist minister.

On motion of Mr. Bladell, the secretary was instructed to send letters of commendation to the Meadville Ministerial Association in behalf of Rev. J. A. Cousins, formerly of Croton church and now pastor of Grace Methodist church in Meadville. A committee comprised of the Revs. J. J. McVaine, C. J. Burton and Sidney K. Bliss was appointed to prepare a suitable memorial in behalf of Rev. F. E. Stough, Rev. C. N. Moore and Rev. W. W. Sniff, all of whom passed away this summer. The secretary was instructed, also, to send greetings to Captain Carl Andreasen of the Salvation Army who has just been returned to his home after being ill for some time in a hospital.

This meeting was closed with prayer by the Rev. John Earl Myers, Jr., pastor of the Mahoningtown Presbyterian church.

It was decided to hold meetings every other Monday morning at 10:30 o'clock in the First Presbyterian church, following previous customs. Next meeting will be on Monday, October 6, with the program in charge of the Community Chest.

Girl Slayer Is Taken To Prison

AKRON, O., Sept. 23.—Hopeful of an early release, Albert B. Luken, 38, convicted of the murder of Ruth Zwickler here April 12, entered the Ohio Penitentiary late Monday to start serving a life sentence.

"You can come back for me in about two months," Luken told Walter P. O'Neil, Summit county sheriff, who took him to Columbus. Luken was confident that his attorney, E. Guy Hammond, would be successful in his efforts to have the conviction reversed by higher courts. He was found guilty of first degree murder by a Common Pleas court jury, which recommended mercy.

Court Members Gather For
Meeting, Late Summer
Frolic Monday Evening

Members of the Catholic Daughters of America, Court Teresa Irene No. 231, gathered Monday evening in the K. of C. Home, North Jefferson street, for their short business meeting followed by a social event—a late summer frolic.

Report of the miscellaneous club was given by Mrs. Catherine Gallagher, and accepted by the court. Mrs. Hazel Sewald, grand regent, was in charge of the session, and the announcement was made that a bowling league will start soon, games to be played every Tuesday evening. Mrs. Celeste Capitola is captain of the team, which includes: Mrs. Marie Jones, Mrs. Mary Elizabeth Dolan, Frances Corio, Mrs. Frances Colao, Rita Metz, Angeline Colella, Mrs. Hazel Sewald, Mrs. Elizabeth Pezzone, Madge Pezzone, Trena Bosco and Mrs. Evelyn Woods.

The social period in the form of a late summer frolic, was featured after the session. An informal time was enjoyed, with bridge games and other contests being in progress. High score winners who received lovely prizes were: Mrs. Fred DeJone and Palma Julian.

A tasty lunch was served later, by the chairman, Mrs. Catherine Gallagher, with the assistance of Mrs. Mary Geddis, Mrs. Anne Mulcahy, Mrs. Hazel Sewald, Mrs. Marie Jones, and Mrs. Ida Suber. October 13 is the date for the next meeting.

Governor Will Be Married October 1

DOYLESTOWN, Pa., Sept. 23.—Governor Arthur H. James and Mrs. Emily Radcliffe Case, 46-year-old former Cornell University sorority house mother, will be married here October 1.

The date was disclosed in invitations mailed today. In keeping with the governor's wishes, the ceremony in the Doylestown Presbyterian church will be a simple one. There will be no attendants. It will be performed at noon by the Reverend Meyer M. Hostetter, pastor, and the Reverend William E. Steckel of Ipswich, N. H., who was pastor of the church during Mrs. Case's childhood. Later there will be a breakfast, for the bride party at the home of Mrs. Case's mother, Mrs. Robert Anderson Radcliffe.

With an enthusiasm that cannot fail to produce results, the Lawrence county chapter, Pennsylvania Motor Truck Association, organized a membership campaign on Monday night at the monthly dinner meeting in The Castleton hotel. Captains and team members were appointed, challenges were issued and promises made to increase the membership.

President Al Bauman presided at the meeting and said that he wanted to leave the president's chair with a membership much larger than he found when he came to the position. He asked for and was assured of co-operation from every kind of member, active, associate, friendly and trade.

Two teams were named with Samuel A. Mooney heading one and Fred Clark the other. Captain Clark assured Captain Mooney that the Mooney team would be beaten decisively and Mooney retorted that the finish would show his team farther ahead of Clark's than Brooklyn is ahead of Philadelphia. The two captains will handle the active, associate and trade memberships. The friendly memberships will be handled by Louis Orlando and Roy Prampton.

Two committees were named, one for entertainment and the other for public relations. On the entertainment committee are Walter McConnell, Milt Wildrich and Bart Richards. On the public relations committee are William A. Francis, Samuel A. Mooney, H. L. Gormley and Paul W. Keely.

The membership campaign will last for four weeks and the scores will be announced at the October meeting which will be held October 20. The speaker at that meeting will be Richard O'Brien, a New York insurance executive, who will come to New Castle to speak upon the subject "Insurance Problems Confronting the Trucking Industry."

From one of the lower branches of a magnolia tree, in the lawn of a home on the east side, a larva of nature noticed on Sunday that one of the leaves had turned brown and commenced to curl, the stem being also quite dry, with but little to hold it to the branch.

Upon examination it was found that there was a light green caterpillar, almost two inches long, on this leaf, in which it was slowly encasing itself.

Monday morning, the worm wove its silken cords around the point where the leaf contacted the slender branch, insuring its winter home from falling to the ground.

Owen Fox, city forester, being asked for information, states that this creature is a fall web worm, which had sucked and absorbed the sap from the leaf, there being a lot of sugar in it at this time of the year, before they fall. The worm enfolds itself completely in the dry leaf which becomes a protection to it throughout the winter.

This pest has already deposited its eggs in the bark crevices of the tree, before going to its abode in the leaf for the winter.

Should this creature escape destruction, it has left behind eggs, which when hatched in the spring, into worms, can do much damage by consuming much vegetation.

Coming Celebration

Members of the Armistice Day committee, which is composed of representatives of the various World War Veterans posts in the county, will meet in the rooms of Neshannock Post No. 315, V. F. W., on Thursday evening of this week at 7:30 o'clock.

Various sub-committees have been appointed by General Chairman Orville Potter, and reports of the arrangements which have been made to date will be given at this time.

The general plan for the celebration, which will take place in the evening, so as not to conflict with celebrations planned in surrounding communities, is well organized and only the details remain to be worked out.

Lynn B. Dana Dead At Warren

WARREN, O., Sept. 23.—Funeral services for Lynn B. Dana, Sr., 66, president of Dana Musical Institute 30 years, will be held here at 2 p. m. Wednesday.

Prof. Dana died Sunday night after a two weeks' illness of heart disease.

He was director of the National Music Convention and Chautauqua at Lockport, N. Y., 15 years, was on the staff of Chautauqua Institute, was a former president of the Ohio Music Teachers' Association, a fellow of the Royal Academy of Music, of whom there are fewer than a dozen in this country, and had won many honors in the musical fields.

Active in Masonic, Rotary, Boy Scout and other fraternal and civic organizations, he was always willing merely to play a piano as accompaniment or to lead group singing.

For years he was organist and choir director at the First Methodist church.

Canal Hearing Comes September 30

WASHINGTON, Sept. 23.—The House rivers and harbor committee postponed today until September 30 a hearing on proposals to authorize a \$37,000,000 canal in Eastern Ohio and Western Pennsylvania.

Chairman Mansfield, Democrat, Texas, said the postponement was granted because several proponents were unable to be here tomorrow, when the hearing originally was scheduled.

Rural Home Near Butler Is Burned

BUTLER, Pa., Sept. 23.—Fire destroyed a dwelling and several outbuildings belonging to Mrs. Julia Beserock, Butler R. D. 7, east of Highlands, today, causing property loss of 5,000.

Mrs. Beserock and her son, Frank, who is partly blind, occupied the premises. In addition to the frame dwelling, a barn, granary, chicken coop and wagon shed were destroyed, and two cows, a horse 150 chickens, 30 geese and an unknown number of ducks perished in the flames.

According to authorities, the fire had nearly spent its wrath before the alarm was turned in, to the Lyndora volunteer firemen, who arrived too late to do any good.

Two Trainmen Killed In Rail Crash In California

Ten Persons Reported Hurt

Flyer And Freight Train Meet In Headon Collision Early Today

SOME PASSENGERS SUFFER INJURIES

(International News Service)
LIVERMORE, Cal., Sept. 23.—A head-on collision between the Western Pacific's exposition flyer, eastbound from Oakland, Cal., to Chicago, and a freight locomotive today left two trainmen dead and at least 10 persons injured, three of them critically.

The crash occurred shortly before midnight last night, Pacific Standard Time, in Niles Canyon, near Sunol. The crowded passenger train had left Oakland at 9:20 p. m.

Both locomotives were wrecked by the impact, and the baggage car and first coach of the passenger train were derailed.

Killed outright were the flyer's engineer, Frank L. Huff of Oakland, and the train's fireman, A. A. Low.

Seriously injured were Oscar Lane, 62, of Oakland, baggage-man; E. L. Jardon, 39, of Stockton, Cal., engineer on the freight, and Edward Hillous, 39, fireman on the freight engine, of Stockton.

Western Pacific officials had no immediate explanation for the accident. The freight locomotive, westbound from Stockton, collided with the eastbound passenger train on a stretch of a single track, apparently at full speed.

Passengers under treatment at Livermore General Hospital included:

Mrs. Wilhelmina Beacher, 68, (1710 White Plains Rd.) New York City, contusions of head.

Milford Hale, 30, (301 East Palmer St.) Detroit, drafter just released from service, back and head injuries.

Woman Is Head Of Dangerous Mission

Will Lead Expedition Into Jungles Of Central America

(International News Service)

LA CRESCENTA, Cal., Sept. 23.—A small blonde woman archaeologist and aviatrix has left this quiet hillside town to lead an expedition deep into the jungles of Central America on a mission whose only reward so far has been oblivion.

She is petite Mrs. Karen Shields, who looks more like a young socialite woman than an explorer who nonchalantly puts her life in pawn.

She has gone in search of a jungle mystery race of Mayan giants whose secrets, she believes, may give the answer to the lost island of Atlantis and provide explanations for a number of questions that long have baffled ethnologists.

Talking of her expedition before her departure, Mrs. Shields said the region she planned to explore was a "forbidden territory" from which no white person had ever returned to tell the tale. She said that five exploration parties which went into the district disappeared without a trace. Not the slightest clue as to the fate they met was ever found.

Practice Weird Rites

From what she has been able to learn of the jungle people she seeks, their civilization goes back for 4,000 years or more. They practice weird and horrible religious rites and still use an ancient system of hieroglyphic writing. They jealously guard the secrets of both their religious rites and their hieroglyphics.

The "forbidden territory" was described by Mrs. Shields as being about a week's trek into the jungle from Palenque, on the Guatemalan border, where she spent her girlhood on a plantation.

The feminine explorer hopes to succeed where others have failed by capitalizing on her blondness. She plans to become something of a "white goddess" of the jungle who will awe the Mayans with her fair hair, blue eyes and white skin.

She said she believed it would work. And then again, she conceded, she may end up as a human sacrifice on an ancient altar.

Hopewell Church Arranges Schedule

A heavy schedule for the latter part of this year has been arranged for Hopewell Presbyterian church in New Bedford by the church pastor, Dr. Robert Wells Veach.

After 40 years of teaching and preaching in Rochester, N. Y., Philadelphia and New York City, Dr. Veach is now residing in New Wilmington in order to be near his two daughters, Dr. Elizabeth Veach Hayden and Mrs. R. S. Buchanan, and his six grandchildren.

Among services planned are the following: September 28, rally day; October 3, preparatory service for Holy Communion; October 5, World Wide Communion Sunday; October 9, father and son night; October 12, Young People's day; October 16, Women's Missionary society; October 19 and October 26, sermons by pastor; November 2-9, spiritual emphasis week; November 16, sermon, communicants' class to start; November 20, Women's Missionary society, thank offering service; November 26, Harvest Festival and Thanksgiving service; November 27, Thanksgiving day; November 30, Stewardship Sunday; December 4, bazaar and supper; Beacon Bible class; December 7-14, every member canvasser; December 14, sermon; December 15, ministerial meeting of Sunday school officers and teachers; December 18, Women's Missionary society; December 21, Christmas music and cantata; December 23, Christmas party for Sunday school; December 25, Christmas day; January 1, annual meeting of congregation; January 4, New Year communion and reception of members.

At this Sunday's Rally day, Sunday school will be held at 10 a. m. with morning worship at 11 o'clock. The sermon text will be, "Speak That They Go Forward."

HABEAS CORPUS DECREE

After hearing testimony in the habeas corpus proceedings brought by Katherine Lutton against Sam Joseph, Jr., on Monday Judge Charles Matthews, Jr., awarded the custody of the small boy to Mrs. Lutton, his mother.

The proceeding saw a house divided. Mrs. Lutton, formerly Mrs. Sam Joseph, asked for her son on the ground that he was not being cared for properly in the home of her father, Mike Assad. Previously the court had awarded the boy to the father, Sam Joseph, and the grandfather, Mike Assad. Joseph has not been residing with Assad and Mrs. Assad has been sick and away for several months.

Mike Assad testified he was able and willing to care for the child. The mother and her husband testified they were in shape to rear the boy properly and they court made the order.

REGISTRATION RESUMED

Registrations have started again and the past week saw a fair number qualify to vote in November. Twenty-one registered as Democrats and 13 as Republicans. One registered No Party, one changed from

Democrat to Republican and two changed from Republican to Democrat. The week's registration was a net gain of nine for the Democrats. Today a special registration is being held in Ellwood City for that borough, for Wampum and for Wayne and Perry townships.

CAUGHT LOT OF FISH

Chief Deputy Clyde D. Badger seems able to get fish like he gets votes. Early Sunday morning the box of fish he and Leslie Brindle and Frank Taylor caught in Georgian Bay arrived packed in ice.

In all there were 310 pounds of fish. Several of the large lake trout were well over 30 pounds each. In the box also were some fine small mouth bass.

Relief Rolls At New Low Level

HARRISBURG, Sept. 23.—A new low in the eight-year history of state-wide relief was hit today as the Department of Public Assistance reported Pennsylvania's relief rolls had dipped to 85,694 cases or 168,378 persons during the week ended Sept. 13.

The department said that a net total of 2298 cases were removed from the rolls during the week but added that applications for state-aid totaled 2566.

Net expenditures totaled \$444,110

—an increase of \$312.99 over the previous week.

Private employment was a favorable factor for the 31st consecutive week and removed a net total of 791 cases from the rolls.

Of the total number of cases, the department said, approximately 45,000 did not contain any employable persons.

In addition to the general assistance case load, D. P. A. rolls currently include more than 103,000 old age assistance cases; 60,500 cases on the aid-to-dependent-children lists and 14,000 cases receiving blind pensions.

Total lumber cut in the U. S. in 1939 was 24,975,474 M. feet according to reports of 16,933 mills to the Census Bureau.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or watery passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Fourth Soviet "Invasion"
Of Bulgaria Is Reported
By Budapest

(International News Service)
BUDAPEST, Sept. 23.—In the fourth Soviet "invasion" of Bulgaria, 11 Red parachutists landed at Treva in the Balkan mountains, but all except one were captured immediately, dispatches from Sofia said today.

Fifty "Jews and Communists" have been executed in Zagreb, Croatia, in connection with the recent bombing of the telephone building, and five alleged Communists, including one woman, were executed at Ossiek, Croatia.

Eight Utachi—Slav terrorists—were reported killed in a skirmish near Tuzla.

The newspaper Deutsches Volksblatt today reported that three Communist girl students dynamited several shops at Ujvidek in South Hungary. Lily Boehm, 18, said the paper, fired on gendarmes who sought to arrest the girls, but eventually all three were captured.

Eight Of Seized Ships Will Be Put In Service

(International News Service)

WASHINGTON, Sept. 23.—The maritime commission announced today that it has allocated eight requisitioned foreign cargo ships to American operators to sail on national defense trade routes.

The group of vessels include four Italian vessels which had been sequestered in American ports and seized by the United States government for violation of the 1917 espionage and sabotage law.

The U. S. Lines Co. will charter the Italian freighters Euro and Pietro Campanella for operation out of north Atlantic ports. The Mar Glaucio will be chartered to the Grace line and join a group of ships transporting nitrates from the west coast of South America. The Ausa has been assigned to the Western Steamship Agency for operation out of gulf ports and Hampton Roads.

Two Danish freighters, the African Reeder and Broholm will be chartered to the Marine Operating company, while a third Danish ship, the Frode, has been allocated to the South Atlantic Steamship line.

An Estonian freighter, the Maret, will be chartered to the Lykes Brothers Steamship Co. for operation out of gulf ports west of Mobile.

With the exception of the African Reeder, which will fly the American flag, all other vessels will be registered under the Panama flag, the maritime commission announced.

ICE AIDS ARMY IN BUILDING OF NEW AIRPLANE BASE

(International News Service)

SALT LAKE CITY, Utah.—Ice—long regarded as one of aviator's worst hazards—recently came to the aid of army airmen in the construction of a new airplane base at Salt Lake City's municipal flying field.

Confronted with the problem of lowering sixteen 25,000 gallon gasoline tanks into their pits, contractors filled the excavations with blocks of ice, set the tanks on top and let nature take its course. When the ice melted, the tanks rested evenly on the bottom of the pits.

The tanks form part of a unique underground fuel system in which water—also an airman's hazard where gasoline is concerned—plays an important part. Water will be pumped into the bottom of the tanks, forcing the gasoline out through the top and through various fuel lines at the field.

About all you can say for the present situation is that no politician insults your intelligence by promising lower taxes.

London Air Raid Shelters Have Accommodations For Nearly 4,750,000 Persons

(International News Service)

LONDON.—There is now sleeping accommodation in air raid shelters for nearly four and three-quarter million Londoners, it was officially disclosed recently.

Alderman Charles Kay, member of Parliament and shelter commissioner for the London region, made the announcement following a visit to 95 London shelter centers. He declared the shelter position is "incomparably better than at the beginning of this year."

There are 1,277,000 bunks in public and communal shelters and 3,473,000 bunks in domestic shelters, Alderman Kay's survey showed. Subway shelters have 22,800 bunks, but ten times that number of people can use the subways, and many people prefer sleeping on mattresses instead of bunks.

Bunks installed in the Anderson (domestic) shelters now number about 600,000; all the street surface shelters are being strengthened; Anderson and trench shelters have been waterproofed; about 126,700 of the table-type indoor shelters have been delivered.

Sharp Drop in Numbers
Compared with November, 1940, when 470,200 people used public shelters and 2,134,000 used domestic shelters, the last monthly census, taken in July, showed that 104,000 people were in public shelters and 556,300 in domestic shelters. The figure probably is increasing weekly as the nights lengthen and sporadic German raids occur.

There were 12,300 children under 14 years of age in public shelters in July. Welfare workers in the shelters have been asking parents to evacuate these children, without much success.

Alderman Kay thinks, in common with most authorities here, that the coming winter will be a hard one, and that the gas menace is ever present. "Hitler might use it as a last throw," he says. "We must realize that it is hard to make shelters gas-proof. People will have to rely on their gas-masks for protection."

The inability of the state liquor control board to appeal decisions of county courts in liquor cases is expected to result in an attempt at the next legislature to amend the law.

Recently the Washington county common pleas court ordered the board to grant licenses to four clubs whose applications had previously been rejected by the board on the ground that they could not be granted under the quota law. The county court ruled the clubs did not come under the quota law and the board, although upheld by a ruling of the attorney general, must comply with the court order because the superior court has ruled there can be no appeal in liquor cases from county court decisions.

Facilities at Pennsylvania's only army induction center for draftees, located at New Cumberland, near the State Capital, are being greatly enlarged to accommodate additional arrivals.

Beginning October 1 approximately 300 selectees will report there daily. 38 new structures have been built, including 25 barracks. From New Cumberland the draftees are distributed to army camps all over the nation.

Cadet Pilot 'OK' Given 18 Here

Doctors Pass Group Which Will Face Stiff Pittsburgh Tests Later

ELKS SPONSORING
TRAINING PROJECT

Eighteen New Castle district young men last night successfully passed preliminary physical examinations given in the Elks club for training as Army Cadet Pilots.

The examining board of three doctors checked over several score of youths to determine which could be sent on to Pittsburgh for a more rigid physical check-up leading to the training course which the group will get.

If they pass the physical examination of the Aviation Cadet Board, headed by Maj. E. D. Hockenberry, flight surgeon, they will be eligible for the first Cadet Pilot course which the New Castle Lodge of Elks is sponsoring for them in conjunction with the Army's "Keep 'Em Flying" program.

The New Castle Elks are the first in Pennsylvania to undertake to promote the Cadet Pilot classes, an objective now before every Elks lodge in the land.

The Sharon lodge last night held its first mass meeting and 175 Mercer County boys attended it.

Nine of the 18 accepted by the doctors here last night will go to Pittsburgh at 7 o'clock on the morning of September 29. The rest will go at 7 on the morning of the 30th.

Sergeant Owen Tighe, Army recruiting chief for Lawrence and Mercer counties, was pleased with the examining results. He said the response both here and in Sharon was "heartening."

Passing last night's preliminary health exams were the following, all scheduled to go to Pittsburgh September 29:

Jack R. Sanford, 704 Wilmington avenue; Paul Goswami, 501 Lincoln avenue; Ellwood City; John W. Bevan, 901 West Clayton street; Norman L. Douglas, 1305 Wilmington avenue; Earl Brauninger, 635 South Center street, Grove City; Daniel R. Druschel, New Castle R. F. D. No. 7; Brownie Pierog, New Castle R. F. D. No. 7; Michael C. Cangelosi, 316 East Home street; Joseph Chialuffo, 100 Grove street.

The second group, scheduled to go the 30th, will include:

Edward J. McCuskey, 1204 French street; Farrell; Michael A. McCuskey, 1204 French street; Farrell; Jack E. Hanna, New Castle R. F. D. No. 6; Archie C. Ridley, 1 West Moody avenue; Michael P. Dochko, 109 Walter avenue; Francis E. Gregor, 1120 Cunningham avenue; Alfonso Kosciuszko, 33 West Miller avenue; Raymond E. Blowers, Beaver Falls R. F. D. No. 1; George V. Miller, 528 Sixth avenue, New Brighton.

Examining physicians included Drs. Abe Newmark, David L. Perry and Arthur B. Foster.

MORE GIRLS SEEK COLGATE ADMISSION

HAMILTON, N. Y.—The ability to determine the sex of letter writers by their handwriting is a prerequisite for a college admissions director, according to James D. Howlett of Colgate University.

Howlett said Colgate, for men only, annually receives 20 to 40 inquiries about admission from girls, each of whom must be discouraged from filing formal applications. He believes the difficulty is increasing because of wider usage of Marion, Jean, Vivian, Eustace, Francis, Hilary and Jessie as names for either men or women.

Senator Downey Defends Movies

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, Sept. 23.—Defending the motion picture industry against charges of war propaganda, Sen. Downey (D. Calif.) today warned congress that federal censorship of the movies, press and radio will mean a "death blow" to freedom of speech.

In a statement to be read to a senate subcommittee investigating charges against the movies, Downey said that a review of films distributed in recent years "has failed significantly to reveal any insidious propaganda for war as has been alleged."

Preceding a group of the nation's leading film producers who descended on Washington to make their answer to the accusations, Downey said that for the subcommittee to raise the question of monopoly "as an apparent inducement to the industry to submit to its censorship" can lead only to national misunderstanding and urged the group to avoid placing itself in this "ambiguous position."

The Californian defended the right of any man or group of men to urge this country to go to war or to stay out of it and said his view of the crisis is unchanged.

First Army To Move To Carolina Maneuvers

(Special To The News)
PUBLIC RELATIONS HEADQUARTERS, FIRST ARMY, CAMP DEN, S. C., Sept. 23—Thirty-five thousand army vehicles, many of them already on the move, will rumble north and south during the next ten days toward the First Army "battle ground" in the coordinated surge of an enormous field force on wheels.

Simultaneously, Traffic Control Headquarters of Lt. General Hugh A. Drum's First Army has announced plans for the safe and rapid movement of 350,000 troops, with full equipment into the vast Carolina maneuver area, six million acres in size. Special orders have been issued by these headquarters to safeguard private vehicles and to insure the absolute minimum of inconvenience to civilian drivers and pedestrians.

Under the careful control of the Provost Marshal and Traffic Control Headquarters at Hoffman, N. C., supply and troop laden vehicles ranging from monster "prime movers" of four tons and more in capacity load all the way down to the rugged little "jeeps" will roar southbound and northbound along pre-arranged routes, guided by experienced military police who will be stationed at road junctions, towns and other essential control points. These specially trained M. P.'s will coordinate closely with state and municipal police to effect the quick movement of troop convoys through all communities and to arrange the temporary re-routing of civilian traffic at points which would otherwise bottleneck. For weeks army officials have been consulting on these problems with civic bodies in communities along the way.

Special pains have been taken to protect the lives and property of travelling civilians, both in cars and on foot. Traffic control personnel of the First Army will post thousands of military signs on major and minor roads from Vermont to South Carolina to warn civilians of the approach of convoys. Ambulances, first-aid equipment and medical personnel will be on constant call. Tow cars and other repair equipment will stand ready to clear the roads at short notice in case of breakdowns or accidents involving military vehicles.

In fact, so important does the

army consider the whole question of transporting this enormous body of men that special orders have been issued authorizing the military police to give military personnel whatever directions they think proper, irrespective of the rank of the person to whom the orders are given. When it is not possible to give directions in person, portable radios will be used, since a great many of the convoys will carry these sets as part of their equipment. In this way coordination will be continuous.

While passing through cities and other congested areas the convoys will proceed at 20 miles an hour, picking the pace up to 30 in open country, and in no case exceeding 40.

Week end vacationists, it was felt, would be happy at the news that the First Army will make every possible effort to keep convoys off the roads during Saturday afternoons and Sundays. Only in case of strict military necessity will important highways be travelled on week ends.

Citizens in the maneuver area, peering from their windows in the dead of night during October and November, will hear the deep rumble of heavy motors without seeing a movement anywhere. Simulating war conditions, all motor transport made at night during this period will use blackout lights only. These are invisible except to those in the immediate vicinity.

In view of this, guards will be posted at all crossings during the maneuver period to warn civilian cars and pedestrians at night, and a speed limit of 15 miles an hour has been set for the movement of all vehicles with blackout lights.

Throughout the past year basic field units of the First Army have travelled, when possible, on secondary and unimproved roads, not only for hard training in some of the toughest problems of military transport, but also to avoid the crowding of state and inter-state highways. In an increasing tempo since late spring, the modern, motorized infantry of this new army's hardened divisions has hit the field for "baby maneuvers" of anywhere from a day to two weeks. The forced ride has become as familiar to the doughboy as the forced march. And as one sly corporal remarked, "It ain't just our feet that gets the callouses."

Revised Rules On College Students Service In Army

Deferment And Postponement Rules Are Given To Draft Boards

(International News Service)
HARRISBURG, Sept. 23—Revised rules governing the deferment or postponement of induction of college students into military training have been given local draft boards by State Selective Service Director Dr. William M. Lewis.

A memorandum received by Dr. Lewis from national selective service headquarters read, in part:

"A deferment is granted to a student because it will be in the national interest for him to engage in a certain occupation upon completing his training and preparation, whereas a student's induction is postponed solely to prevent undue hardship to the individual.

"Likewise, it appears that if a particular student registrant's induction is to occur shortly after the start of a college term, his induction should not be postponed, and, therefore, such student should not enroll for such college term or should advance his time of induction by volunteering.

"If it appears that a student registrant will not be ordered to report for induction until well into the college term it appears that his induction might reasonably be postponed until the end of such term."

Raid Is Made On Ambridge Club

(International News Service)
BEAVER, Pa., Sept. 23—It doesn't pay to rile the police, or does it? The voice on the 'phone heeded State Police Corp. Paul Rittelman: "What's the matter? Are you guys fixed. Why don't you get those slot machines at the V. F. W. clubroom in Ambridge?"

Rittelman retorted: "We'll show you if we're fixed." It was 1 a. m. Half an hour later, State police raided the V. F. W. rooms. Rittelman said they confiscated four slot machines and arrested Edward Heady, chairman of the house committee, on a charge of operating a gambling house.

Milk Mixture For Stomach Ulcers

A recent medical discovery now being used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective that in many cases the pains of stomach ulcers disappear almost immediately after it is used. Also recommended for gas pains, indigestion and heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of Lurin from their druggist. Lurin contains this new discovery in its purest form. Easy to take. Just mix two teaspoonsful in a half glass of milk. Costs but little. Try a bottle, it must satisfy or money refunded. Lurin for sale by Eickert's, Pay-Less and drug stores everywhere.

Want to know HOW...?

There's a book of instructions on how to be a dictator, in case anybody WANTS to be an international leper. The book is called "Mein Kampf," and Adolph Hitler is the author.

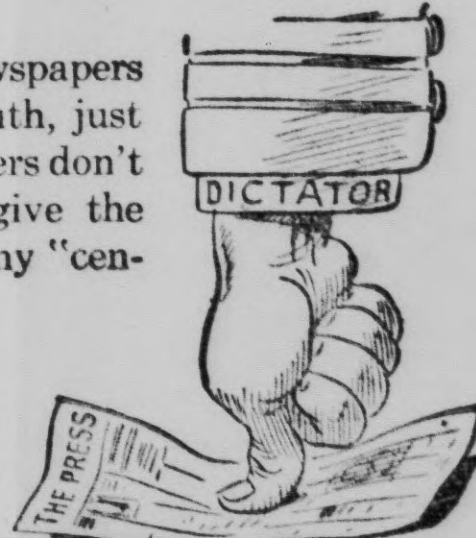

He says that to be a dictator you have to USE PROPAGANDA, and he tells how to use it. He says the important thing is to block out everything but the CENTRAL IDEA in the minds of the masses. He says it doesn't matter whether the central idea is the truth or a lie—if it's told to us often enough, we (the "Masses") believe it.

Most of us think we're a little too smart for that. But whether we are or not, what puts a crimp in his system, as far as this country is concerned, is that he CAN'T block the truth out of people's minds by screaming lies or half truths.

Hitler has a controlled press—newspapers that spread lies or withhold the truth, just as he tells them. American newspapers don't work that way. Their job is to give the people FACTS, not a dictator's phony "central idea."

American newspapers report what our government is doing, not what some propaganda chief orders them to say. They give us news—facts that make it possible for us to govern ourselves. They give us advertising facts, too, so that we can get the best values for our money.

It wasn't just to fill up space that the founders of this nation guaranteed us a free press in the Bill of Rights. They knew that as long as we have free speech—and a chance to print it—nobody in this country is EVER going to learn to be a dictator.

Over 320 of America's leading newspapers are carrying this message today to their 10 million subscribers. Newspaper Publishers Committee, 420 Lexington Avenue, New York.

Eastern Schools Oppose Banning State Title Game

Western Schools Opposed To State Championship Game At End Of Season

EASTERN SCHOOLS LEAD IN VICTORIES

(International News Service) SHAMOKIN, Pa., Sept. 23.—Majority of the schools in the Eastern Pennsylvania interscholastic football conference are opposed to eliminating post-season contests for the state championship, Frank A. Thornton, conference president, declared Monday.

Schools in the western section of the state already have gone on record as opposed to a battle between eastern and western conference winners for the statewide title this year.

"Most of the eastern schools are in favor of continuing play," said Thornton, who is faculty manager of Coal township high school. "We have had no discussions to abandon the game."

West Victories Slim

It was pointed out that the West has won only three so-called state championships since the post-season classic was begun in 1922.

Conference coaches, however, admitted the existence of a growing movement to shorten the football season, and a 10-game schedule beginning next year probably will be standard.

The proposal of J. Wynn Fredericks, state health and physical education director, to have the scholastic grid season begin on Sept. 26 will probably meet support, in Thornton's opinion. Edmund Wicht, executive secretary of the P. I. A. A., favors the idea.

Wicht said he felt that a schedule in excess of 10 games was too great a strain on schoolboy athletes. Football squads, he added, should have at least two or three weeks of drilling before the opening game.

County Referee Group To Meet

There will be an important meeting of the Lawrence County Referee's Association at the "Y" on Thursday evening at 7:30 o'clock. It was announced by Austin Cowmeadow today.

The meeting is for members of the association only, no others will be admitted to the meeting room. The officials will get lined up for handling the coming football games and also county basketball games.

THE WINTER CO.

HERE AND THERE IN SPORTS LAND

Forty Second American Bowling convention will be held in Columbus, O. Five thousand, seven hundred and ninety seven teams participated in the congress at St. Paul this year. Likelihood exists that more than 6,973 teams will participate in the Columbus meeting. Meanwhile, various leagues in this city are preparing for the winter's bowling. One new academy has been started.

Fourth annual Pennsylvania state small-bore rifle tournament will be held at the Chief Logan lodge of the Blair County Game, Fish and Forestry association, September 27 and 28. Daves Carlson, regarded as America's No. 1 shooter from New Haven, Conn., is expected to attend. The tourney is being held under the auspices of the Pennsylvania Rifle and Pistol association and the Blair county association and is a duly registered event by the National Rifle association.

The Brooklyn Dodgers today reported it would not handle any further out-of-town applications for World Series tickets at Ebbets field.

From Buffalo, comes a report that Tommy Timlin, referee in Sunday's game between Canisius and St. Francis (Loretto, Pa.), stating that the Pennsylvania team scored its winning touchdown on a fifth down. St. Francis won 19-13.

Jewels Ens will manage Syracuse next year.

Washington High To Play In Ohio

Coach Art Alexander is grooming his Washington High football squad for its first game of the 1941 season at Campbell, O., on Thursday afternoon.

Three weeks of hard drills have put the squad in first class shape for the opener. George Washington having lost Foster and several others to the high school team, will have to find suitable replacements.

Alexander has hopes of putting a winning eleven on the gridiron this season.

Cards-Pirates Play Two Today

Pittsburgh Can Throw Mon-key-Wrench In Hopes Of St. Louis Today

DOUBLE DEFEAT WOULD HURT CARDS

(International News Service) NEW YORK, Sept. 23.—Going in to Pittsburgh right behind the recently departed Brooklyn Dodgers, the St. Louis Cardinals today opened against the Pirates in a four-game series that probably will mark the last stand of the gallant pennant contenders from the west. Championship hopes are dwindling with the schedule. Their hope now is to prolong it and perhaps get an assist from a miracle.

The Dodgers idled today and next will open against the Braves at Boston as a follow up to their 5-0 victory behind Curt Davis at Philadelphia yesterday, increasing the pace-setters' lead to 1½ games over the Cards who had an off-day.

Two Games Today

The Cards must meet the Pirates in two today, in singles games Wednesday and Thursday, and Friday finish against the Cubs at Chicago in single contests Saturday and Sunday.

That is a much more difficult finish than the one which all observers have agreed all along would bring the Dodgers home in front after they had managed to hold their own in the west. The Dodgers have only single games at Boston tomorrow and Thursday, an off-day Friday and singles games against the Phillies at Brooklyn Saturday and Sunday.

Yesterday's game between the Dodgers and Phils probably was the clincher, all things being considered. This was the one that would determine whether the Dodgers would move 1½ games in front—as they did—or drop back to a mere half game.

Dodgers Win

Davis took care of the situation handsily with a six-hitter for his 13th victory and his fifth shutout of the year.

The New York Giants made their last appearance on their home field by splitting a double bill with the Boston Braves. The Giants won the first, 5 to 3, and dropped the nightcap, 2 to 1.

The St. Louis Browns took the American league feature by sending Bob Feller his 13th defeat against the Yankees, 4 to 1. Feller pitched 24 victories, 5 to 0. Randi Robert lasted only until the eighth. John Niggeling hurled the shutout.

In the only other game of the day the Detroit Tigers moved up into a fourth place tie with the Indians by defeating the Chicago White Sox, 11 to 0. Al Benton started for the Tigers and was credited with the victory.

Plan Unique Game Wednesday Night

Joe O'Leary manager of the Eldorado A. C. baseball team today announced a unique game for Monday night at 5 o'clock. The Eldorado A. C. baseball team will play the Morgan All-Stars softball stars.

The Elders will bat against softball pitching while the All-Stars will try to hit baseballs in their half of the innings. It will be something different in the way of diamond entertainment. The baseball players are just a little leary of hitting a softball, and vice versa. It should be an amusing experiment.

Manager Kane Morgan today announced that he would like to have the following softball men report for the game Wednesday night: Nickie Ross, Greg Ross, Joe Mazzeri, Joe Cooper, Ted Turo, Gaby Kennedy, Pete Razzano, Tony Compello, Skip Russo, Sammy Bullano, Sam Mooney, Nickie Gennock, Hub Riley, Dundo Ambrosio and Peachy Fornatore.

Manager Joe O'Leary will use his regular Eldorado A. C. lineup that he has used the entire city baseball league season.

Two Ohio Hunters Shot First Day

FAINESVILLE, O., Sept. 23.—Less than six hours after the squirrel hunting season opened in northern Ohio, Jack Merrigan, 29, of Canton was near death in Lake County Memorial hospital, his arm virtually shot off by a blast from his own shotgun.

Willard, O., Sept. 23.—A hunting companion accidentally shot and seriously injured Harold Williams, 20-year-old railroad blacksmith helper.

The shot gun charge struck Williams in the back and head from a distance of about 35 feet.

OUTSHINES WILLIAMS

Enil Biddi outshined the mighty Ted Williams of the Boston Red Sox. Ted talked about quitting baseball to become a fireman. Biddi not only quit Toledo but became a fireman in Muncie, Indiana.

Titan Veteran End Is Injured

Ted Ossoff Is Out For Season With Badly Broken Wrist

TED OSSOFF

NEW WILMINGTON, Sept. 23.—The chances for the Westminster Titans to defeat Carnegie Tech in Pittsburgh this Saturday suffered a lapse today when it was learned that Ted Ossoff, veteran junior end, had broken his wrist in two places during Saturday's scrimmage.

Since the Titans had expected to let loose an aerial attack against the Skibos, Ossoff's injury is particularly tough. The Oil City end had figured prominently on the receiving end of Westminster's overhead drive.

To compensate, however, the Blue and White showed unusual power in running plays during Saturday's dress-scrimmage.

Ossoff will probably be out for the remainder of the season.

Franklin High At Sharpsville

Campbell Will Be First Home Game For Cowmeadow Coached Eleven

After three weeks of intensive training the 1941 Ben Franklin High football team is ready for an unfolding and it will come on Thursday afternoon at Sharpsville Junior High field.

Head Coach Austin Cowmeadow has a big squad working at Franklin High this season and looks forward to a winning season. He has quite a few left-overs from last season and several young rookies who show class. Cowmeadow is being assisted by William "Bill" Wallace. This is Cowmeadow's first year at Franklin, having coached at Mahoning High, where he enjoyed fine success. He is supplanting Emmett Gillespie at Franklin High.

The first home game will be at Taggart Stadium on Thursday, October 3, with Campbell Memorial Junior High slated for an appearance here.

WILL SHIFT SITE

For many years, V. M. I. and V. P. I. have staged their annual Thanksgiving Day clash at Roanoke, Virginia. This year, however, the clash will be played in Lynchburg, stadium and it won't be ready in time for the battle.

SPORTS WORLD RAMBLINGS

Sports short-ez culled from the cuff

Paul Small, the south side athlete, starred in the West Virginia Wesleyan-Morris Harvey 7-7 deadlock last week-end. The ex-New Castle high ace, who now flaunts Wesleyan's colors, recovered the fumble that set up his team's only touchdown in the first period. Small is completing a blazing trail on the grid horizon this season. . . .

In addition to Bob MacNeill, of 311 Englewood avenue, Muskingum college's football roster includes two other Lawrence countyans. Dave Forzerson, whose address is 411 East Sheridan avenue according to the directory, is a sophomore lineman. Don Jerry, of 537 Harbor street, who took a fling at amateur boxing this summer, is among the freshmen endeavoring to win a berth on the line. . . .

William "Willie" Ciccone, who was given a tryout by the Philadelphia Eagles and then shifted to Columbus is carving quite a name for himself in the pro game, despite the fact that he is a neophyte in the play-for-pay game. Ciccone, who prepped at West Virginia Wesleyan during his collegiate days, pulled the unexpected starting berth shortly after reporting to the Ohioans' camp. . . .

Unless his left knee injury shows speedy signs of recovering, Frank "Tarzan" Crisci may forsake the professional game, for this season at least. Crisci was on the Detroit Lions' first team until he was hurt in a practice clash. The Croton avenue adonis reports that the knee still troubles him. . . .

For a team that had never practiced or played under lights, Shenango Township high buried itself in praise last Saturday. The East New Castle eleven gave Sharpshooters a good reason to cheer in many seasons. An even shake in break-the-wind runner. . . . Mississippi State has established a precedent. Last week-end, the "Bull Dogs" duked a gal to scout the Duquesne Dukes! . . . Duquesne, by the way, disappointed its most ardent followers. . . .

The rah-rah grid panorama will be resplendent this week-end. Our log shows 111 games booked for Friday and Saturday. No less than 84 of the collegiate tiffs are billed for Saturday. . . . Altoona high is a pre-season favorite to nail the Class AA WPIAL football title. . . . To Mickie Rodgers: Floyd Giebell, of Detroit, bested Bob Feller, of Cleveland, 2-0, on September 27, 1940. The victory gave the Tigers the American league championship. . . .

Cubs Cannot Have Pitcher Gornicki

(International News Service) CHICAGO, Sept. 23.—A ruling by Baseball Commissioner K. M. Landis today cost the Chicago Cubs the services of Pitcher Henry Gornicki, purchased recently from the St. Louis Cardinals.

Landis ordered Gornicki returned to the Cardinals on the ground the Cubs paid in excess of the \$7,500 waiver price for him, whereas league rules provide that from June 15 to the end of the season no player may be transferred until all clubs have had a chance to buy him at the waiver price.

No Grid Games Here This Week

Stereotyped Football Cries Will Be Conspicuous By Their Absence

King Football's stereotyped cries, which fill the chilly autumn air weekly in Lawrence County, will be conspicuous by their absence this week-end.

Every local team, junior highs excluded, that has a football "date" will perform away from home.

Titans Face Tartans

Westminster College receives its baptismal under fire, facing Carnegie Tech at Pittsburgh. In view of the fact that the Tartans are de-emphasizing the pigskin game, the Titans are rated a fair chance of lifting the cap with a victory.

New Castle high, victorious over Grove City, Butler and Farrell thus far, bids for its second Class AA WPIAL triumph when the "Canes" lineup against Beaver Falls high, Friday night in the valley dell.

Ellwood City high, which has bowed over Union Township and Munhall, bids for one of its most important frays of the season. The Wolverines skip the lines against rugged Rochester high, at Rochester, Friday evening.

Shenango At Zelenople

Coach Frank Nocera is sporting a broad smile these days. While his Shenango Township high proteges failed to knock off Sharpsville, they outplayed the Mercer countyans and were denied a triumph because of bad breaks.

The return of Staph, veteran center, has added considerable strength to the East New Castle machine. Shenango takes on another major Class B foe, Zelenople high, Friday afternoon.

Union Township high, which idled following its inaugural against Ellwood City, faces Greenville high, Saturday. Last week's layoff afforded Coach John J. Susko an excellent opportunity to correct some of the miscues noted in the first game. The Scotland Lancers are in good condition for the approaching clash. Greenville is powerful again this season.

Bessemer high, which dropped its opener to Hubbard, Ohio, will be on the sidelines this week. Coach A. G. Capezzuti today stated that his squad will be sent through a series of drills designed to polish some of those rough spots noticed in the game last Saturday.

"Considering the fact that the squad is light and inexperienced, I believe my boys did fairly well," the Bessemer coach opined.

Considering the imposing list of foes to be encountered, county grid enthusiasts will undoubtedly desert the local sports scene to watch their respective aggregations in action.

New Castle High Getting Ready To Play Beaver Falls

Beaver Falls Has Big Team, May Cause Locals Trouble Friday Night

TICKETS ON SALE WEDNESDAY MORNING

New Castle High's "Red Hurricane" resumed training at ground after a week-end break, looking ahead to this coming Friday night when the locals will go to Beaver Falls for their annual grid battle with the Beaver Falls Tigers at Reeves Stadium.

It was announced in Beaver Falls today that the game on Friday night will start at 8:15 o'clock Daylight Time, which makes it 7:15 o'clock New Castle time when the kickoff will occur.

Head Coach Phil Bridenbaugh announced that he would not make any changes in the starting eleven, the only possibility being Masters, the left guard who has an injured foot. He was not out for practice on Monday, but was expected back out this afternoon. He has been playing a bangup game at guard in the first three encounters. Ryan will be the replacement no doubt at guard in event that Masters is not in shape for play.

Tickets On Sale

Ticket Manager Robert Mills of Senior High announced today that tickets for the New Castle-Beaver Falls game will go on sale on Wednesday morning at the Sporting Goods Store and at Senior High. New Castle High students must buy their tickets here at Senior High before going to Beaver Falls or pay the regular adult price. No student tickets will be sold at Beaver Falls the night of the game. The valley officials sent 1,000 student pasteboards here.

The student tickets will sell for 25 cents, the same price that New Castle High charges for student tickets. Students of all three junior highs are eligible to buy student tickets for the game if they so desire.

Beaver Falls High also sent 200 reserved seat tickets here that sell for 75 cents. Also they sent 500 tickets here not reserved that sell for 50 cents. It is doubtful that any more tickets can be secured after this supply is gone, and that means only 700 adult tickets to be sold here in advance.

Expect Big Crowd

The Beaver Falls High officials are looking for a large crowd on Friday night for the invasion of the "Canes." There has always been a lot of friendly rivalry between the two schools starting back as far as 1915 when the football relations began and Beaver Falls won the first game 9 to 0. Beaver Falls last defeated New Castle in 1921 by a score of 6 to 0. The two teams tied 0-0 in 1922 and from there on New Castle has always been on the winning end.

The two schools have met 15 times, with New Castle winning ten, losing three, and tying two. New Castle has piled up 238 points to 55 for the Tigers.

Brass Shop Wins From Inspectors

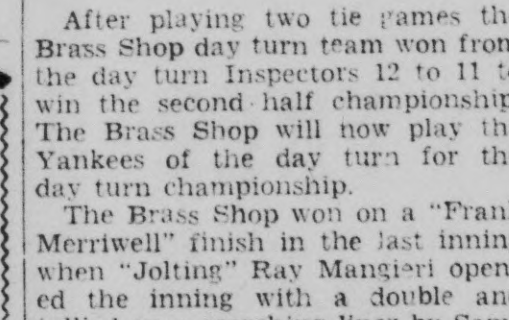

After playing two tie games the Brass Shop day turn team won from the day turn Inspectors 12 to 11 to win the second half championship.

The Brass Shop will now play the Yankees of the day turn for the day turn championship.

The Brass Shop won on a "Frank Merriwell" finish in the last inning when "Jolting" Ray Mangieri opened the inning with a double and tallied on a scorching liner by Sammy Pezzone.

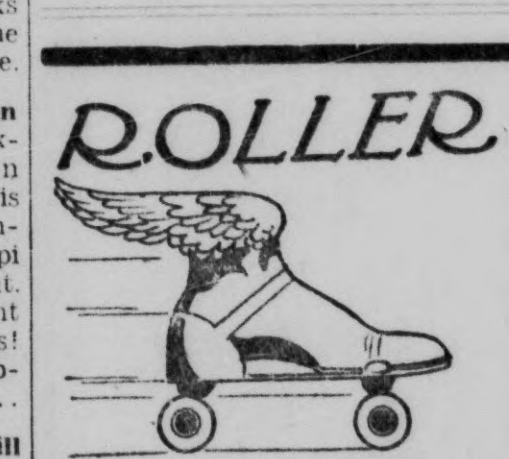

Sammy Pezzone was the winning pitcher and Jenkins the losing hurler after relieving Headland. L. Pascarella did the Brass Shop catching and Paichey caught for the losers.

Hillsville Drops Behind One Game In Fight For Lawrence Title

Ellwood City is one game ahead of Hillsville in the race for the baseball championship of the Lawrence county league, having won yesterday at Ellwood City 5 to 4. Previously, each team had won one game. The date for the third game has not been set. The loop championship will go to the team winning most of five games.

Band Will Make Two Grid Trips

Principal Frank L. Orth of New Castle Senior High announced this morning that the fine New Castle High band of 80 to 100 pieces will make two of the out-of-town trips this season—Beaver Falls this coming Friday night and to Scott High of Braddock game on Friday night, October 31.

The band will make the trip to Beaver Falls by buses on Friday night. The band will be chaperoned by Professor Joe Replogle and his several assistants. If a special train is run to Braddock the band will ride the train, it was announced.

CHOICE SEATS RARE

COLLEGE STATION—Kyle Field stadium, home grounds of the Texas A. & M. grid power, has only a dozen 50-yard line seats. Fact is that an aisle runs right through the 50-yard line with the exception of the first few rows and the box occupied by the school president.

Willis Alfond, now assigned to Clara M. Hoffus, her heirs or assigns, or whoever may be the legal or equitable holder of the mortgage.

Take notice that on the 15th day of September, 1941, Rebecca E. Ziegler, plaintiff, presented her petition to the above Court at the above number and term, asserting that she is the owner of a parcel of land situated in the Third Ward, New Castle, Lawrence County, Pennsylvania, bounded on the North by County Line Street, on the East by Stevens Street, on the South by an alley, and on the West by land of Stevens Hertz, there being an undivided and undivided interest in the sum of Five Hundred Dollars (\$500.00) given by Sarah A. Alfond to W. Willis Alfond, dated March 2, 1917, and recorded in the Recorder's Office of Lawrence County in Mortgage Book 122, page 221, said mortgage having been subsequently assigned to William K. Hugs, then assigned to Florence M. Hoffus, payment of said mortgage was made to William K. Hugs, and the same was assigned to Clara M. Hoffus, on September 16, 1928, that Clara M. Hoffus died in the early part of 1932 and her personal representative, J. M. Halle, Administrator, w. s. c., that Clara M. Hoffus during her lifetime and her personal representative said mortgage should not be entered.

Geneva Prepares

For W. Va. Wesleyan

Game To Be Played On Saturday At Buckhannon, W. Va.—See Clock Battle

(Special To The News)

BEAVER FALLS, Sept. 23.—With one of the toughest games of the schedule over, Coach Ransom is preparing his Geneva College Cavaliers for a meeting with the scrappy West Virginia Wesleyan Bobcats next Saturday at Buckhannon, W. Va. The Bobcats and Wesleyan looked exactly the same thing last week when they held highly rated foes to ties. Geneva tied Youngstown, 0-0, and Wesleyan deked with Morris-Harvey, 7-7. Although neither team utilized its full potential power, some of the defects are sure to be ironed out this week, making an exciting game a sure thing.

The Covies came out of the Youngstown game practically unscathed, and with the exception of Bill Jersey, first string end, and Pete Tack, fresh back, both of whom suffered broken collar bones in pre-season practice, the entire team is ready to go against Wesleyan. Both teams will probably feature a wide-open type of play, judging from their first games. In one instance Wesleyan lateraled four times on one play in the Morris-Harvey encounter and practically all of Geneva's yardage against Youngstown was gained by passing. Geneva's freshman stars showed to an advantage against Youngstown's Penguins. Joe Baker, of McDonald, Pa., connected for long gains in three of seven aerials and Nick Medicostis of Plainfield, N. J., averaged 37 yards on his punts. Nick did so well at the fullback post in fact, that Coach Ransom expects to convert 200-pound Fullback Pete Kake into the new future. Captain Bill Joyce was kept on the sidelines most of the game because of injuries, but will be sure to see plenty of service in future assignments.

Athletic Director A. C. Edgcombe has announced that the Geneva-Grove City game, originally scheduled for Friday night, Oct. 10, will be played Thursday night, Oct. 9, at Reeves field, Beaver Falls.

Market Moves Ahead, Some Stocks Up Point And More At Opening

(International News Service)

NEW YORK, Sept. 23.—The stock market moved ahead today under the lead of steel and aviation shares. Gains ran to a point at the tops, but these were shaded later by light profit-taking.

Douglas Aircraft was an outstanding performer, running up 2 points at one time to within a point of its 1941 top. Consolidated Aircraft, Boeing, Lockheed and United Aircraft also chalked up sizeable gains. Stocks were paced by U. S. Steel, which moved a point above last night's closing price. Bethlehem advanced half as much.

General Motors and Chrysler were prominent, each climbing about a point. Case in the farm implements gained as much. In an active food group National Dairy reached a new high for the year, while Borden equaled its best 1941 price.

Mail orders, rails, chemicals, rubber and oils generally were moderately higher. Coppers lagged. Utilities continued soft with Consolidated Edison and Public Service of N. J. slipped into new low ground.

Police Chief To Be Honored

Plan Testimonial Dinner For Hartman And Others For Recent Heroism

ELLWOOD CITY, Sept. 23.—The Chamber of Commerce with the cooperation of the Rotary Club, Kiwanis Club and Lions Club will sponsor a testimonial dinner for Chief of Police Ernest Hartman, Patrolman Ed Shaffer, and civilians, Jimmy Pasta, Mrs. Laura Kash and Angelo DeCarbo. The entire group will be honored by the citizens of the community for their outstanding bravery in capturing the three bank desperados on last Friday afternoon in Ellwood City.

Special honored guests at the affair also will be the local Police Department for the splendid service they are rendering the community.

C. W. Carbeau, chairman of the Chamber Crime and Prevention Committee and also chairman of the Lawrence County District Boy Scouts, will act as Toastmaster. Speakers of the evening will be Lieutenant Hudock of the Pennsylvania State Police, Joseph Thornton, agent in charge of the F. B. I. for this district; Judge Walter Brahm, and District Attorney Jack Lamoree.

The dinner will be open to the entire public and tickets for the affair will go on sale Thursday at the Chamber of Commerce office. The time and place at which the dinner will be held will be announced.

ELLWOOD CITY, Sept. 23.—The Ellwood City District Committee of the Lawrence County Boy Scout Council and the local Veterans Club will sponsor a Testimonial Dinner for Joseph A. Connell on Monday evening, September 29, at the First Presbyterian church. Mr. Connell has recently moved to Pittsburgh and terminated a long continuous record of service in the Boy Scout work here in Ellwood City and the district. Scoutmasters-Scouters and friends are expected to attend the civic affair to pay recognition and honor to Mr. Connell for his splendid example and work. W. B. Barrett is chairman of the committee in charge and reservations may be made for the dinner, September 27, by contacting Stanley Wilson, Secretary District Scout committee or Erle B. Yahn at the Yahn-Jones Hardware Company.

Funeral Rites For Mrs. Albert Price

ELLWOOD CITY, Sept. 23.—Funeral services for Mrs. Albert A. Price, who passed away on Saturday morning after a long illness, were held on Monday afternoon at 2:30 o'clock from the late home at Wiley Hill. Rev. Herman Patton, pastor of the First Christian church, officiated.

During the sad rites, two solos were contributed by Leonard Schultz. They were "My Task" and "Just Beyond the Vale of Tears". The services were very largely attended by sorrowing relatives and friends, a number coming from Martins Ferry and East Palestine. O. There were many lovely flowers.

Interment was made in the Locust Grove cemetery with pallbearers being Harry Schott, Henry, Albert and Glen Wiley, George Makepeace and Robert Lutz.

Mrs. Howard Black Entertains Class

ELLWOOD CITY, Sept. 23.—C. A. Martin Bible class members of the First Presbyterian church enjoyed the hospitality of Mrs. Howard Black at her home at East New Castle last evening.

Twenty-five members enjoyed a variety of games and contests directed by the hostess, her mother, Mrs. Cliff Kennedy, and Mrs. Sarah Thomas, a special guest, who also served delicious refreshments later in the evening.

Arrangements were made to serve a scout dinner next Monday evening at the church. Another meeting will be held on Monday, October 27, with the place to be decided.

Hillsville Bows To Ellwood, 5-4

League Officials Have Not Yet Named Fourth Game Site

ELLWOOD CITY, Sept. 23.—Hillsville is one down in the fight for the Lawrence County Baseball league championship, Ellwood City having won five to four here yesterday. The tally sheet shows Ellwood City with two wins and Hillsville with one. The place for the fourth game has not yet been designated by league officials.

Ferrante held Hillsville to nine hits and J. Pepe held the winners to 12 hits. Hillsville played errorless baseball. Ellwood City made two miscues.

With the score five to two in the last of the sixth, the concluding frame, Hillsville was subdued after making two more runs.

Auxiliary Members Gather On Monday

ELLWOOD CITY, Sept. 23.—When members of the Firemen's Auxiliary met last night at the Sixth street hall, they made plans to attend the memorial services to be held at the Beaver Falls U. P. church on Sunday, October 12.

Mrs. Ruth Kocher, president, conducted the meeting and named the new card party committee, Mrs. Robert Kocher, Mrs. Edwin Curry, Mrs. John Emerick, Mrs. Lola Wolfe and Mrs. Chester Rodgers, with the next party to be held on Monday night.

Bingo was the social hour diversion with the winners being Mrs. Kocher, Mrs. Arthur Duncan and Mrs. Emerick. Mrs. Leslie Mortenson was hostess and served seasonable refreshments.

For the next regular meeting on Monday, October 6, Mr. Charles Orr will be hostess.

MEMORIAL BOARD PLANS RALLY DAY

ELLWOOD CITY, Sept. 23.—Officers and teachers of the Bell Memorial Presbyterian church gathered last night at the church for a regular meeting.

Arrangements were made to have the annual Rally Day service on Sunday, October 5, with the congregation to join in the world-wide communion service following the special program.

Mechanical Deer Will Feature Local Field Day Trials

Ellwood And Wampum Rod-Gun Clubs Combining For Event On October 4

ELLWOOD CITY, Sept. 23.—An outstanding feature of the field day meet to be held on Saturday, October 4, by the Ellwood and Wampum Rod and Gun clubs at their range, on the Wampum road, will be the running deer shoot.

John Copits, of Ellwood and his very active committee consisting of C. Osborne, of Portersville; P. Smilek, S. Gorzkowski, C. Gorzkowski, E. Gerhard, of Ellwood, and William Tilla, of Wampum, have been busy improving the operation of the mechanical deer. So the sportsmen will see a much improved target this year. It will be interesting to all as well as the high powered shooters.

The deer is life size and travels at a speed of 35 miles per hour. Changes have been made so that the deer will travel just above the ground and will actually jump. A guard is to be erected to make it safer for the operator.

This target is for high powered rifles and the shooters will be credited with a score according to the vital shots made. The committee also plans to have special shoots for chickens and ducks. Rifles will be available for those that do not have their own.

Chairman, B. Horner, of Wampum, and his committee consisting of R. McBride, J. Ferrucci, J. Scalla, T. Kosier, T. Cody and D. Archetta, of Wampum, have a well planned program for the small bore rifle shooters. They have planned four features, namely, first, 25-yard target off hand shooting with open sights only; second, targets at 14 yards; third, lucky targets for all; and fourth, chicken, duck and turkey shoots.

This committee has also arranged for a midday trap shoot where a 22 caliber rifle is used with small shots and small blue rocks are thrown out by a trap for a target.

Visitors are invited by general chairman, Harold S. Parker, to join the club's in the day's activities.

1. Signature loans. No security needed. These loans are made under proper conditions, to both single persons and married couples.

2. Auto loans. A loan on your car may best fit your needs.

3. Furniture loans. Here character and regular income are far more important than the value of your security. Many borrowers use this plan.

No endorsers needed

Whichever way you borrow, it is not necessary to ask friends or fellow-workers to act as endorsers. And at no time do we question friends or relatives about your money affairs. You get the loan you need simply, privately and speedily.

You may repay your loan in convenient monthly installments as shown in the table. Monthly installments of \$9.75 each, for instance, will repay a \$100 loan in full. Or as little as \$6.97 a month for eighteen months will also repay \$100.

Borrow for less

Payments in the table include charges at Household's rate of 2 1/2% per month on that part of a balance not exceeding \$100, and 2% per month on that part of a balance in excess of \$100. The Small Loan Law permits us to charge substantially more than this. Some finance companies do charge a higher rate. It's good business to compare rates before you borrow.

If you need money, here's what to do. Come to Household. Or just phone and say you need a loan. We're here to serve you. Phone or visit us today without obligation.

Twenty-Five New Barracks Erected At Army Reception Center

SELECTEES TO ARRIVE IN LARGE NUMBERS

(International News Service) NEW CUMBERLAND, Pa., Sept. 23.—Twenty-five newly completed barracks are being equipped rapidly to accommodate Pennsylvania selectees at the U. S. army reception center here.

Selectees are expected to begin arriving at the rate of about 300 daily October 1. Four new companies have been added to the receiving battalion at the post, and additional quarters have been allotted headquarters company of the service unit.

Beds, mattresses and clothing were being shifted from building to building as a result of reassignment of quarters under the expanded set-up. The moving will probably continue until each man is permanently located.

The 25 barracks are among the 38 new structures added to this post. Thirty-four of the new buildings are completed and ready for occupancy. Four buildings authorized in a supplementary contract will be finished by October 11.

Additional barracks have been assigned to headquarters company in both the old and new areas. Receiving companies A, B and C and the quartermaster detachment will remain in the old area, and receiving company D is being moved to the new area, which it will share with the four new companies—E, F, G and H, and part of headquarters.

Space has been provided for one "day room" for each company. Comfortable chairs, desks and other furniture, as well as pianos, and recreational equipment are being placed in these rooms. Much of the furniture was collected and donated by Gregg post, American Legion, of Reading.

Gypsy Moth Pest National Problem

(International News Service) WILKES-BARRE, Sept. 23.—Warning that the barrier zone erected to confine depredations of the gypsy moth—classes as public enemy No. 1 of shade and forest trees in the East—was in danger of breaking down because of lack of funds, Dr. E. Porter Felt, Stamford, Conn., urged here that state and federal governments immediately double existing control appropriations.

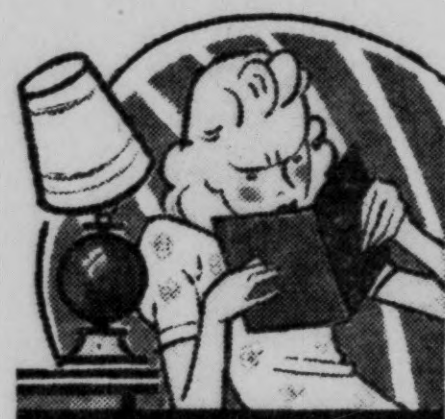

Dr. Felt said the barrier zone extends from Canada along the Champlain and Hudson valleys to Long Island Sound. If control work in the zone fails, the gypsy moth may spread from its present confinement within six states throughout the entire nation, he pointed out.

"This is a national problem," Dr. Felt said. "The maintenance of the barrier zone and the protection it affords depends in a large measure upon the active support of the states now free from this enemy."

ON VACATION

Miss Alice Sterling, librarian at the New Castle Public Library, is away on a two weeks vacation. She resumes her duties as librarian on Monday, September 29.

THERE'S NO LAW AGAINST IT! (but there should be!)

You can let the youngsters read and study by the light of "decorative" lamps. But we want to warn you that one out of every five school children has defective vision and the number increases to two out of five at college age!

One cause of eyestrain is poor light. Don't risk it. Ask us about low-cost light conditioning and protect your child's eyes.

Rotarians Enjoy Frivolity Efforts

Special Humorous Program Is Presented To Club On Monday

Frivolity of the good old Rotary brand was served up to New Castle Rotarians Monday noon. After luncheon in The Castleton, the club witnessed a "girly show" which turned loose a tidal wave of laughter. There were two choruses, made up of the members of the attendance contest teams led by E. J. King and Arthur R. Heilman. How they danced!

Rotarian DeLace Cole (who may have caused some to strain themselves with laughter) did a Sally Rand fan number and "Dick" Rentz, one of the army of brunets, staged a bubble dance act.

Young Rentz, chairman of Rotary programs, was in charge of the day's program. Several Rotarians assisted in the arrangements.

Percy P. MacNab, visiting here from California, kept in trim for his active song-leading duties out on the Pacific coast by directing the luncheon singing. MacNab, an insurance man, is noted as a song leader in Los Angeles.

GIVEN PROMOTION

Word has been received here by Mrs. Anthony Peluso, of 905 DuShane street, that her brother, Private Anthony Cugini, of Pine Camp, N. Y., has been promoted to rank of Private First class.

Pvt. first class Cugini is stationed in the 51st Armored Infantry.

That home your family loves so dearly! PROTECT IT AGAINST LOSS with a WESTERN and SOUTHERN COMMERCIAL WHOLE LIFE POLICY

If you are among the millions owning mortgaged homes, you have worried about the possibility of your being taken away before the debt is paid. Would your family, without your earnings, be able to meet the obligation?

The holder of your mortgage will insist that it be fully protected by fire insurance. Should you be less concerned about protecting your home with life insurance? A Western and Southern Commercial Whole Life Policy to cover the debt can dispel this cloud that so often threatens home ownership. It will guarantee that your family will continue to enjoy the blessings of the home you have provided for them.

The cost of this protection is negligible in comparison with the security and peace of mind provided. The sooner you act, the lower the cost will be. Why not call the Western and Southern man today.

FIVE CENTS A DAY

Men naturally ask—"What does this protection cost? And how do we come out in case I live?"

Suppose you are age 35 and your home has a \$5000 mortgage which you are reducing at approximately \$250 a year. At this rate, the mortgage will be repaid in 20 years.

The annual premium on a \$5000 Commercial Whole Life Policy, at age 35, is \$100.05. If you live and continue these payments for 16 1/2 years, you will have paid out \$1,650.83. But your policy, at the end of 16 1/2 years, will have a cash value of \$1,230, leaving

a net cost of only \$420.83 over the 16 1/2 year period. NOW GET THIS: If your mortgage is one of the F.I.A. types with 4 1/2% interest, you will still owe, at the end of 16 1/2 years, \$1,224. But this is less than the cash value of your policy by \$6.00. Your home will then be debt-free three and one-half years earlier than planned and the cost of your insurance for the entire period will be reduced further by the elimination of three and one-half years' interest on the mortgage, amounting to \$113.00. This will reduce your net cost for the entire period to 5 cents a day!
